

## PEACE OF EUROPE IS NOT YET DECIDED ON

WAR LORD OF THE GERMAN EMPIRE HAS THE CENTER OF THE STAGE TODAY.

## TO HAVE CONFERENCE

With His Chancellor and Foreign Minister Tomorrow at Swinbund—Vienna Says It Is to Be Peace.

[BY UNITED PRESS.] London, July 29.—Emperor William, War Lord of the German Empire, has the center of the stage today and upon him it is believed rests the fate of the peace of Europe. His attitude is still puzzling the English statesmen who, however, profess to believe that peace will be the outcome of this present difficulties.

**To Hold Conference.** Sunday is the date set for the conference between Emperor William and his Chancellor and Foreign Minister at Swinbund, and at this time the question of pushing the claims of Germany in the Moroccan matter or agreeing to a settlement will be definitely fixed upon.

**Making Preparations.** Here in England there is considerable anxiety expressed in many quarters at the warlike attitude the German press assumed, and then their sudden reluctance to express any definite opinion. This may mean many things detrimental to England in the version of many.

**Vienna Not Alarmed.** Vienna, July 29.—In a special edition of the Free Press today it is asserted that the Franco-German situation had been settled to the satisfaction of all concerned and that everything was completed except a few minor details. These, they assert, will soon be disposed of.

**May Be Official.** The expression of the Free Press may be taken as semi-official and it true means that the difficulties in which France and Germany found themselves and into which England was joined at issue have been settled without further trouble.

## STRINGER TESTIFIES IN LORIMER CASE AS TO SEVERAL DETAILS

Democratic Illinois Leader on the Stand in Washington This Afternoon.

[BY ASSOCIATED PRESS.] Washington, July 29.—Lawrence H. Stringer, the Democratic senatorial candidate against Lorimer, testifying before the Lorimer committee today, told of Lorimer's popularity with the Democratic legislature, but expressed an opinion that improper or corrupt practices were an ingredient entering into the Lorimer case.

**"Ted Phillips,"** of the Chicago Record Herald legislative correspondent, in nineteen lines testified that former Governor Yates was his authority for a newspaper article he wrote on January sixth, nineteen, to the effect that Lorimer would be elected by the legislature that elected Shortliff speaker, if Lorimer would consent.

Phillips said that in a conversation with Stringer the day before Lorimer's election, he figured Stringer out of the race because, a "consideration" had been asked him that he could not furnish.

Phillips will be cross examined closely on Monday when the committee convenes to complete its work of investigation.

## JOHN DIETZ WILL BE OPERATED UPON SOON

Defender of Cameron Dam to Undergo Surgical Treatment For Wound Received Months Ago.

[BY UNITED PRESS.] Fond du Lac, July 29.—Word was brought to the city yesterday by Mrs. John P. Dietz, who spent the day visiting her husband at the state prison, to the effect that Mr. Dietz may have to undergo an operation as the result of the bullet wound which he received last fall in the battle at Cameron Dam. Since Dietz has been at work in the prison his right hand has given him a great amount of trouble. Physicians found that a small piece of lead is imbedded in the hand under the fleshy part of the thumb. The doctors do not like to operate for fear of making Dietz a cripple.

## FOND DU LAC WOMAN BITTEN BY MAD DOG

Taken To Madison For Treatment—All Unmuzzled Dogs Will Be Shot Hereafter.

[BY UNITED PRESS.] Fond du Lac, July 29.—Mrs. J. O. Frisch was severely bitten by a dog which was later discovered to be suffering from rabies. She has been sent to the Pasteur Institute at Madison. The police will henceforth shoot all unmuzzled dogs on sight.

**Case Dismissed:** The assault and battery case of the State of Wisconsin against Joseph Wencel was dismissed in the municipal court today. The case was started on complaint of R. H. Sherman, who alleges that Wencel struck him. It is alleged, however, that Sherman applied false epithets to Wencel and the latter hit him.

## WAR ON IMPROPER SHOWS AND GAMES AT COUNTY FAIRS

Officials of Fairs Throughout the State Using Care As Result of Stringent Laws Depriving Them of State Aid for Violation.

[SPECIAL TO THE GAZETTE.] Madison, Wis., July 29.—County fair officials throughout the state are proceeding cautiously in booking concessions for the coming fair season as a result of more stringent laws against improper games and shows. State aid will be withheld from all fair societies which are found to have permitted violations of the rule.

All games of chance not depending on skill, and all shows of immoral character are by the new law forbidden upon pain of losing state aid varying from \$2,500 to smaller amounts. Appropriations were made as follows: To the state fair, \$15,000; Northern Wisconsin state fair, \$5,000; Walworth county agricultural society (this county), \$4,000; all other county fairs, not exceeding \$2,500.

**Sinister Games Barred.** No more will the "hoop" sharp or the pool-dog gambler ply his get-rich-quick scheme on the susceptible throngs that always crowd the midway of every county fair. The pool-dog artist sells a dozen paddles for ten cents each, giving a chance to turn the arrow on a disc. Only one of the twelve willing contributors may draw the prize. The arrow stops on a certain number and the holder of its duplicate walks away with a real live poodle, which may be sold for \$1 or \$2 or kept as a pet, as desired.

The "hoop" concessionaire multiplies a caterpillar on a larger scale than the ordinary. The heads of the caterpillars are so shaped or are so large that it is next to an impossibility to ring one. Both these games are termed games of chance and come in the tabooed class. The practice of placing a bank note or coin of large denomination on the head of a caterpillar is likewise frowned upon and its discovery will mean withdrawal of state money to the fair society which tolerates it.

**Fear is Strict.** The principal objection to the pool-dog device is the inevitable temptation of their owner to slip a coin on the disc as soon as an officer turns away. Gullible ruralites are especially likely to bite when such a trap is set for them.

Secretary of State James A. Frear has been instrumental in drawing the lines most sharply around the use of such concessions at fairs and as a result the violations leading to withdrawal of state aid have been comparatively few and small in amount of recent years.

The ordinary caterpillar and the "finger-baby" game are not disturbed, the opinion of a former attorney general of Wisconsin having classified them as games of skill.

**State Aid to Fairs.** The law regarding state aid to fairs has just undergone an important change in the direction of increased support for purely agricultural exhibits. Formerly the premium money appropriated for speed and other contests, such as automobile and motorcycle races, hand contests, etc., was made a part of the total premium money upon which the proportion of state aid was based. The percentage of such amount paid by the state was 50 per cent, but it was required that not more than one-third of the fair's gross proceeds should be included. Two-thirds to represent premiums on agricultural products and similar exhibits.

**Agricultural Exhibits.** Now the speed element is eliminated, and the law says that the state shall pay 50 per cent of the total amount of premiums paid at the fair in the preceding year upon "live in stock articles of production, educational exhibits, agricultural implements and tools, domestic manufactures, mechanical implements and productions for which published premiums have been offered; but in no case shall any one premium exceed the sum of \$50." This money will be paid over in February.

In adopting these amendments the legislature sought to encourage the showing of stock of high class and better agricultural products. Some county fairs have become little more than horse-racing organizations, and no more can they take advantage of the state aid bounty.

## MERGER SUIT TAKEN TO SUPREME COURT

Decision in Merger Suit Favoring Harriman Lines to Be Appealed from the St. Louis Court.

Washington, July 29.—The government will appeal to the supreme court the Harriman merger suit which was decided in favor of the railroads by the federal court at St. Louis.

## TWO WOMEN ARE LOST IN NORTHERN WOODS

Had Been Picking Blueberries and Became Confused—Found by Searching Party.

[BY UNITED PRESS.] Washburn, Wis., July 29.—After picking blueberries all day yesterday Mrs. C. Erickson and Mrs. Andrew Nelson lost their way and were forced to spend the entire night in the well-forested timber near here. They were found today by searching parties none the worse for their experience.

ONE DISADVANTAGE OF HOT WEATHER. When Sis has a bean the whole family insists on sitting on the porch.

## TAFT MIGHT SIGN WOOL MEASURE IS CLARK'S OPINION

Democratic Speaker Believes President May Decide to Accept Congress Action.

[BY ASSOCIATED PRESS.] Washington, July 29.—Speaker Clark expressed an opinion that the President might sign the wool bill. Underwood said "The House is absolutely opposed to the wool bill as passed by the senate. There is no possibility of it being agreed to."

## PRIVATE DETECTIVE IS SENT TO PRISON

Convicted of Alleged Blackmailing—Says It Is a Plot of Burns to Ruin Him.

[BY UNITED PRESS.] Erie, Pa., July 29.—Gilbert H. Perkins, head of the Perkins Detective Agency and C. H. Franklin, Philadelphia manager of the agency, were today found guilty of misuse of the United States mails in attempting to blackmail the family of Millionaire Charles H. Strong. Judge Orr sentenced Perkins to three years and Franklin five years at Leavenworth prison. Perkins denied the charges and said it was a plot by Detective W. J. Burns to ruin him. After being sentenced he pleaded for mercy. An appeal will be taken.

## MADE A SETTLEMENT FOR CHILD'S DEATH

Little Girl Was Drowned at Sheboygan When Street Car Went Into River.

[BY UNITED PRESS.] Sheboygan, July 29.—A settlement has been effected between the Sheboygan Railway and Electric Company and August Wilmette as the result of the death of his daughter, Olga, who was killed February 9, when a street car went into the 8th street bridge draw and two others were drowned. The amount paid was \$1,350.

## LIFE SENTENCE WAS GIVEN TO MURDERER

Man Arrested in Milwaukee for Crime Is to End Days in Waupun Prison.

[BY UNITED PRESS.] Milwaukee, July 29.—Henry Klum, charged with the murder of Harry Payne, a crippled Minneapolis elevator man here on September 28, 1910, was found guilty by a jury last night and today sentenced to life imprisonment in the state penitentiary at Waupun.

## OIL TRUST TO SPLIT INTO 33 COMPANIES

Standard Oil Plans for Reorganization Complete. Stockholders to Be Notified Next Week.

New York, July 29.—The reorganization plans of the Standard Oil company have been so far completed that it was announced today the stockholders will receive a circular next week explaining them. It would the plan include splitting the corporation into 33 separate companies.

## CAPITAL OF HAITI IS NEAR ITS FALL; SIMON TO RESIGN?

With Revolutionists Surrounding the City Report is Current That President Would Resign if His Successor Would Be Named Peaceably.

[BY ASSOCIATED PRESS.] Port Au Prince, July 29.—The revolutionists still surround the city but have not yet made an attempt to take possession. It is strongly believed here that President Simon would resign if he were assured that the rival revolutionary factions would settle the matter of his successor peaceably.

**Scout Cruiser Sails.** Norfolk, Va., July 29.—The scout cruiser Salem today sailed for Port Au Prince.

## RAILROAD ISSUES SHOW STRONG TONE

Speculative Interests Centered About Union Pacific and Reading—Canadian Pacific Advances A Point.

[BY UNITED PRESS.] New York, July 29.—Pronounced strength was shown in a number of issues at the opening of the stock market today. With most of the speculative interests centered in Union Pacific and Reading, Canadian Pacific moved up a point and fractional gains were made in a number of other stocks. Reactions were in order at the end of 15 minutes.

## YOUTH WHO TOOK SUITCASES CAPTURED IN MILWAUKEE

Fourteen Year Old Boy Taken By Milwaukee Police—Was Former Inmate of Michigan Reformatory.

[BY UNITED PRESS.] Milwaukee, July 29.—After registering at half a dozen hotels where he is alleged to have stolen 6 suit cases, a fourteen year old boy was today identified by the police as Howard Campbell, a former inmate of the Lansing, Mich., reformatory. He will be taken before the juvenile court.

## MISSISSIPPI VALLEY SPIRITUALISTS

Clinton, Ia., July 29.—Everything is in readiness for the twenty-ninth annual camping-out of the Mississippi Valley Spiritualists' Association, which will open at Mount Pleasant park tomorrow and continue until the end of August. A large attendance of members of the organization from eight or ten states is expected.

## To Get Money Quick

The very best place to get money QUICK on anything is the Classified page of THIS paper. It is a DISGUISED exchange market as well as a buying and selling place for almost ANYTHING. EMPLOYERS get men and women—and men and women get high grade positions—simply by READING and USING our Little Want Ads. What do YOU want?

## CIRCUIT COURT HAS MODIFIED DECISION REGARDING OIL CASE

United States Court of Appeals at St. Louis Has Changed Decree to Conform With Supreme Court Decision.

[BY UNITED PRESS.] St. Louis, July 29.—The United States circuit court of appeals here today modified its decree against the Standard Oil company in the trust decision to conform with that of the United States supreme court. The decreeing company is given six months time in which to dissolve. This period for reorganization, however, may be extended at expiration.

## AMERICAN CONSUL AT GHENT IS DEAD

Former Wisconsin Man Serving United States in Belgium Passed Away—Prominent Grand Army Man.

[BY ASSOCIATED PRESS.] Washington, July 29.—William P. Atwell, aged 66 years, American consul at Ghent, Belgium, is dead. Atwell served with the 37th Wisconsin Volunteer Infantry, as first lieutenant in the Civil War. He was brevetted four times for meritorious service.

## LINER IS OVERDUE; APPREHENSION FELT

South American Steamship, Espabro, Has Failed to Arrive and Wireless Calls Fail to Locate Her.

[BY UNITED PRESS.] Marseilles, France, July 29.—The big South American liner, Espabro, is three days overdue. Wireless calls have failed and apprehension is felt.

## SEARCH IS STARTED TO FIND MURDERERS

New York Police Are Aroused Over Finding of Disemboweled Human Bodies Recently.

[BY UNITED PRESS.] New York, July 29.—The finding of seven pieces of disemboweled bodies in New York within the past nine days has led the police of New York and surrounding cities to start a systematic search today for the source of the supposed murders.

## In Memory of King Humbert

Rome, July 29.—In connection with the celebration of the semi-centennial of Italian independence an imposing pilgrimage of delegates from patriotic societies throughout the kingdom made its way to the Pantheon today and deposited a wealth of floral offerings at the tomb of Humbert. This being the eleventh anniversary of the assassination of the king by the anarchist Brecci at Monza.

## Nashville Prefate 70 Years Old

Nashville, Tenn., July 29.—Rev. Thomas Sebastian Byrne, Roman Catholic bishop of this city, attained his seventieth year today and was the recipient of many congratulations. Bishop Byrne was born in Hamilton, Ohio, and was connected with the Cincinnati diocese from the time of his ordination in 1869 until his appointment as bishop of Nashville in 1891.

## EIGHT WERE KILLED IN BAD COLLISION NEAR BANGOR, MAINE

Misunderstanding of Signal by Engineer of Excursion Train Resulted in Long Dead and Injured List This Morning.

[BY ASSOCIATED PRESS.] Bangor, Me., July 29.—A misunderstanding in signals by the engineer of the Bangor and Arctost excursions train which crashed head-on into another train at Grindstone, 65 miles north of here last night is held here today as the cause of the fatal wreck. Eight persons were killed and sixteen injured, according to the latest reports, although it was first reported twelve were dead and twenty-five injured.

## FOREIGN TREATY IS READY FOR SIGNING

Arbitration Pacts With Both England and France Are About Ready For Official Signatures.

[BY ASSOCIATED PRESS.] Washington, July 29.—It was announced the general arbitration treaty between the United States and Great Britain, and the United States and France, will be signed in Washington next week.

## GRAVE ANXIETY AT CONDITION OF POPE

Church Officials Are Much Worried Over Condition of Pope—Physician in Constant Attendance.

[BY UNITED PRESS.] Rome, July 29.—The condition of Pope Pius continued to cause church officials grave anxiety today. A physician is in constant attendance.

## CANADA READY TO FACE NEW ISSUES AT THE ELECTION

Parliament Dissolved and Special Election on the Question of Reciprocity Will Be Held in September.

[BY ASSOCIATED PRESS.] Ottawa, Ont., July 29.—The Canadian parliament was dissolved this afternoon by Premier Laurier and the date set for the nominations for the coming election was named as September 14th. The elections will be held a week later, on September 21. The issue at stake is that of the acceptance of the Canadian reciprocity treaty as passed by the United States this past week.

## INSIDE HISTORY OF COAL COMPANY GRAB

Tale of How New York Brokerage Firm Was Saved From Ruin in 1907 Told to Investigators.

[BY ASSOCIATED PRESS.] New York, July 29.—That the brokerage firm of Moore & Schley, which was saved from ruin in 1907 through the purchase of the Tennessee Coal & Iron company by the Steel Corporation, owed money to J. Pierpont Morgan & Co., which was secured by Tennessee stock as collateral, was today revealed to the Steel Trust investigating committee by Lewis Cass Ledyard, counsel for Oliver Payne, who was one of the syndicate which formerly owned the Tennessee company.

## AGED EMBEZZLER IN THE TOILS OF LAW

Surrenders to Police in San Francisco and Admits Stealing Many Thousands of Dollars.

[BY ASSOCIATED PRESS.] San Francisco, July 29.—"I embezzled forty-five thousand dollars from the bank at Pearl, Illinois, in 1908, and wrecked that institution. I'm starving and want to give up." This startling statement was made by Carey A. Manker, aged 65, to the proprietor of a lodging house this morning. After the former arose from his "bop," Manker repeated the statement to the police. The lodging was confirmed by Mayor Modrius of Pearl, who declared the bank, of which Manker was president, resumed business, paying the shortage out of the surplus.

## LARGE MILL BURNED AT WINONA TODAY

Property of Bay State Milling Company Destroyed By Fire Causing Loss of \$300,000 To \$500,000.

[BY UNITED PRESS.] Winona, Minn., July 29.—The Bay State Milling Co. mill, fourth largest in the United States, is a mass of ruins today. A defective motor is said to have caused the fire, which occurred late yesterday. Loss will be between \$300,000 and \$500,000.

## CAPTAIN M'COY IS REPORTED AS DYING

Veteran Marshall of State Supreme Court at Madison Is in Critical Condition Today.

[BY UNITED PRESS.] Madison, Wis., July 29.—Relatives today surrounded the bedside of Captain James H. McCoy, aged 67, marshal of the state supreme court for many years, reported dying. Physicians declared he would likely not survive the day.

## GATES IS REPORTED MUCH WORSE TODAY

Condition of American Millionaire III in Paris Has Become Critical Is Report Today.

[BY UNITED PRESS.] Paris, July 29.—John W. Gates is reported worse today. Pneumonia has developed in one of his lungs and his condition is serious.

## CHICAGO CANOEISTS ON TRIP DOWN ROCK

Party of Three Started From Janesville Today On Three Week's Trip Down Rock and Mississippi Rivers.

Three Chicago canoeists, D. A. Miller and A. H. Viles of the Windy City and A. M. Viles of Oak Park, left here this morning on a canoe trip down Rock river to the Mississippi river. The party arrived here last night from Chicago and spent the night at the Grand Hotel, starting about ten o'clock down the river, in a sixteen-foot Morris canoe. Their boat was equipped with a tent, camp stove, provisions and other supplies for camping out along the route. An Angora cat was taken along as a mascot. The party will take three weeks on their trip and will go as far down the river as their time allowance will permit.

**SUFFRAGE WORKERS WILL SPEAK HERE**  
Party in Automobile Sent Out By State Political Equity League, Will Hold Meeting Here About Aug. 15.  
On or about August 15, a party of suffragists, working in the campaign for suffrage for women in Wisconsin, will visit this city and hold a meeting in the Court House Park to interest the men and women of Janesville in woman's suffrage. The members of the party will be Miss Mabel Judd of Milwaukee, state organizer of the Political Equity League of Wisconsin, Mrs. Henrietta Lyman of Madison, and Miss Harriet Grimm of Chicago, state organizer of the movement in Illinois.

The three ladies, in an automobile will make a tour of Southern Wisconsin and Miss Judd was in the city yesterday to make arrangements for the meeting in this city. Leaving Milwaukee August 1, they expect to stop at about one hundred cities and towns in this section, Janesville being the sixteenth on the list. The suffragists will arrive here from Delavan, where they are to speak at the assembly.

The object of the tour which is under the auspices of the Political Equity League, is really a campaign for the spread of the suffrage movement. This fall the referendum election authorized by the passage of the woman's suffrage bill in the assembly, will be held to decide whether women shall be given equal franchise with men. The Political Equity League is working to secure this right for women through a campaign which will be made statewide. An effort will be made to secure the interest of the men in order to get their votes at the coming election.

**OKLAHOMA BOOMING DESPITE REPORTS**  
M. C. Fish Writes of Conditions in Southwest—Rain Has Fallen to Break Dry Spell.  
In the following letter from M. C. Fish, now living at Oklahoma City, Mr. Fish gives some interesting data relative to his adopted state. He says: "The report that has gone out about the east and north that Oklahoma, and especially Oklahoma City, had seen its best days, and the town was dead, is a false one. Things did look bad until the middle of July. Since then we have had about four to five inches of rain and for a period of ten days after the first shower lasting six hours, the farmers plowed to town and purchased a good supply of seed corn, millet and anything that would make food, as well as potatoes. They are all up and with any kind of fall weather and with a big crop of cotton there will be a lot of money floating around this winter. Sales of real estate are at a standstill, this being the case for the past year during June, July and August. There are people with money in their pockets looking for snags, but they can find them. New buildings are still going up, including five to eight-story office buildings. This city has raised \$75,000 for two new railroads reaching up in the northwest. With all the money that is being spent in this town for improvement it looks as though Oklahoma City was far from being a dead one. There will be some failures this fall owing to lack of trade and high rents. The latter, both on business and residence property, are coming down some, but the price of property remains firm."

**OBITUARY.**  
Mrs. Lulu Clark.  
Mrs. Lulu Clark of Milton, who was brought to the Mercy Hospital yesterday to undergo an operation, died last night at 11:00 o'clock at that institution. Mrs. Clark was the widow of the late James Clark of Milton. The body will be sent to Milton and interred there.  
Frank C. Ludden.  
The funeral of Frank C. Ludden, who died at his home in Parkton, on Wednesday last, was held this morning from St. Patrick's. The body was taken to Mr. Oliver cemetery for interment.

**INTERESTING NOTES FROM JANESVILLE CITY LIBRARY**  
Two new rocking chairs have been added to the furniture of the reading room in the Public Library.

Places in the city where official notices are posted are one of the best kept secrets may be posted.  
Books in the Boy Scout Reading List of the Public Library have been moved to the book shelves in the front of the library.  
Got rid of your surplus furniture—Use a Want Ad.

**LINK AND PIN. DEATH UNDER TRAIN WAS ACT OF SUICIDE**  
Witnesses Testify That the Man Was Drunk and Threw Himself on the Tracks—Buried Today.  
That the unfortunate man who was horribly mangled before the eyes of the crowd at the Northwestern station about noon yesterday voluntarily threw himself before the engine, is believed by all those who are at all familiar with the circumstances. Several persons saw him in the vicinity of the depot a short time before and he showed signs of drunkenness and it is thought that he stepped before the engine to put himself out of the way.

How well he succeeded in his purpose his mutilated remains clearly showed. Nothing was found about his person to give a clue to his identity. Twenty-three cents were all that was found in his clothing. Not even a scrap of paper or any marks on his clothing gave any evidence of the man's destination or the place from whence he came.

The remains of the unfortunate man were taken to Nelson's undertaking establishment and from there taken to Oak Hill cemetery for burial at 3 o'clock this afternoon.  
Callboy William McDonald has returned to work at the freight office after spending his vacation at Delavan lake. Edward Sullivan, who was relieving him, has resumed his duties at the South Janesville shops.

Engineer Teller and Fireman Beauchamp went south today at 11:45.  
E. H. Wade, supervisor of motive power and machinery at Chicago, called at the shops yesterday.  
George Dransfield, machinist helper, is laying off today.  
Fireman Kothlow is at work on the Janesville-Watertown passenger in place of Fireman Strampe.

**SKAT LEAGUE SPECIAL THROUGH HERE TOMORROW**  
A special train of three coaches will pass through here tomorrow morning at 11 o'clock carrying members of the Skat League from Chicago to Watertown to attend the convention to be held at that place. This special will return leaving Watertown at 12:30 on Monday.  
Engineer Barker and Fireman Gaylord died today at Chicago this morning after drinking 1322 of the local shops for storage.  
Machinist James Garrison went to Watertown this forenoon to repair engine 324.  
William Sullivan, boss painter at the shops, is laying off today.  
Engine 462 is now in storage at the roundhouse.

**CROSSING IMPROVED ON ACADEMY STREET.**  
Much needed improvements are now in progress at the Academy street crossing, between the two railway stations. The most improved form of crossing is being installed at each of the tracks where the street railway line crosses the other tracks and the road bed at the same place is being carefully balanced to bring the street car tracks even with the others. This will be a great relief to those who are accustomed to use the street cars on that street because formerly the roughness of the crossing was a source of much annoyance to passengers on the street cars.  
Will Have Much Sympathy.  
A hapless woman named Schneider is petitioning for a divorce because her husband insists on displaying in the house the portraits of her three predecessors.  
Ready for a Bargain.  
Pat (reading sign, "Umbrellas 75 cents, up")—"What will you charge me for one of them closed?"—Judge.  
Good Rule of Life.  
Finish every day and be done with it. You have done what you could. Some blunders and absurdities, no doubt, crept in; forget them as soon as you can.—Benson.

**AN AGED RESIDENT DIED THIS MORNING**  
Henry Crane Passed Away After a Brief Illness of Less Than a Week at His Home on Oakland Avenue.  
Janesville suffered the loss of one of its best known and most beloved old residents, this morning, when Henry Crane died at his home on Oakland avenue at ten o'clock. One of the old residents of Janesville, Mr. Crane, who had resided practically all his long, useful life in this vicinity, sank peacefully to rest after a short illness lasting only about a week.

Henry Crane was born in Littlefield, Maine, in the year of 1825. His early boyhood was spent in his native state and in the east, but while still a young man, he moved west with his parents, and settled in Illinois. In 1863, at Elgin, Ill., he was married to Miss Mary Weaver. From this happy marriage there were two children, Mrs. R. G. Colvin of Everett, Wash., and George H. Crane of Janesville. Both of his children, as well as his wife, survive him. Soon after his marriage, Mr. Crane moved to Rock county and made his home here for the remainder of his life.

There was probably no man in or around Janesville who was better known or more beloved by all who knew him than was Mr. Crane. For fifty years he was one of the most trusted employees of the Northwestern railroad, and in his capacity of superintendent of bridge construction left many monuments of his faithful work all along the railroad. The two huge monuments of the bridge building art which have their places at the products of Mr. Crane's work, and bear mute evidence of the care and skill with which his work was done.

Among the men with whom he worked and with whom he was in daily contact, Mr. Crane was respected and beloved. His cheerful disposition and friendly attitude toward all with whom he came in contact won him hosts of friends wherever he went. From end to end of the Northwestern line, men everywhere testify to his kindness, his gentility and his loveliness.

Throughout all his long life of eighty years, Mr. Crane was a very active and industrious man. Up to a week ago, when he was first taken ill, Mr. Crane was about his duties in a strong, vigorous manner that gave no hint of his impending illness and death. And so, although he was very well advanced in years his death comes as a great shock to all of his many friends.

Mr. Crane will be sincerely mourned, not alone in Janesville, but throughout Rock county and all this part of the state as well, for his friendship was unlimited, and all who knew him or were in touch with him will feel the loss of his kind and genial companionship. His best energies throughout the whole of Mr. Crane's long life were given to his friends and to those about him, and those whom he has left can rest in the thought that their beloved one is mourned, not alone by his intimates, but by the whole community as well.

**NORTHWESTERN PLANS TO REOPEN SAND PIT**  
Work Will Commence Immediately.—Five Thousand Carloads Will Be Drawn Out.  
That the Chicago & Northwestern railroad plan to reopen the old sand pit just north of the city is evidenced by the activity that is shown in preparing to strip over the top layer of dirt and rebalancing the tracks. It is understood that five thousand loads of gravel from this pit will be taken at once and used on the new line, being built by the road from Milwaukee north. Engineers for the company have inspected the pit within the past week and a force of men have been putting the side tracks in repair. The five thousand car loads to be taken out mean approximately that 175,000 tons of Janesville gravel will be used on the new division. Peter Johnson has received the contract for stripping the pit and will begin work at once.

**Carnival Disguises Stick.**  
Fleas, birds and animals painted in green on the faces of scores of revelers as disguises for a carnival at Las Palmas, Canary Islands, won't come off and experts say never will. A chemist named Almonson, who did the work, was almost lynched, and so victims have sued him for damages.  
LIMA.  
Lima, July 29.—Gladys Selden returned Friday from a visit in Janesville.

Rev. Warren and family have returned to their home at Lime Ridge, Mrs. A. E. Aldridge and son, Louie, spent Friday in Milwaukee.  
M. E. Toeborn is expected from Houston, Tex., this week.  
Mrs. Fay of Whitewater is visiting Mrs. O. A. Roe.  
Miss Carrie Johnson attended the funeral of W. H. Newton at North Johnston on Saturday.

Mr. Leisenfelder has quit the section for a time and with his family has gone to Richfield, where his mother is very low.  
Mrs. Wm. Truman will entertain the Circle tomorrow (Wednesday) afternoon.  
Miss Edna Truman is entertaining Miss Hamilton of Rockford.

Mrs. L. Cunningham enjoyed a visit with Mrs. J. W. Jones, Mrs. Maude Murphy and Mrs. P. Murphy and children of Johnston, on Friday.  
Messrs. M. A. and M. F. Gould, G. A. Croft and Irene Hodson drove to Janesville on Saturday to consult a specialist.  
Orta Gould spent Friday with Mrs. A. McLane in Whitewater.  
Miss Doris Cogswell of Adams spent the past week with her aunt, Mrs. Cummings.  
One of our townsmen went to Milwaukee recently to see the sights and according to a Milwaukee news paper he lost forty dollars and a gold watch.  
Miss Scott and her music pupils are preparing for a musicale the latter part of August.

**NORTH JOHNSTOWN.**  
North Johnston, July 28.—Edward Malone has tonsillitis and is under the care of Dr. Dike.  
Mrs. Anna Thompson of Janesville, is visiting her friend, Miss Julia Pierce. Mrs. J. P. McNally and children of Harmony, spent Thursday with her parents, Mr. and Mrs. J. Malone.  
The barn dance at J. Foreman's last Saturday evening, was largely attended.  
Commercial Club cigar, 10c.

## DOUBLE HEADER IN COMMERCIAL LEAGUE

Today At the Athletic Park the Parkers Hook Up With the Hansons; and the Gazette With the "Y".

But two games are being played today in the Commercial League a double header being put on at Athletic Park between the Parker Pen and Hanson Furniture, and the Gazette and the "Y". The Parker Pen is playing the Hanson Furniture team this afternoon in the initial bout of the doubleheader and the Athletics hook up with the Printers in the second session. While the Parkers will, without doubt, defeat their opponents, much interest is taken in this first contest to see how the ablenmakers will perform. The Hansons last Saturday showed the first real signs of ball playing and the fans are watching to see what sort of a showing the Tableminkers will make.

The lineups are:  
Parker Pen: Berger, cf; Nehr, 1b; Hill, ss; Sullivan, 2b; Abraham, 3b; Klusky, rf; Butters, p; Hallem, c; Dewey, cf or p; Houston, sub.  
Hanson Furniture: Hanson, 2b; Howard, 1b; Kresson, 1b; H. Clark, ss; Boright, rf; Miller, c; Cronin, 3b; Schuler, cf; Faser, lf.  
"Y": C. A. Brown, c; Clark, p; Hemming, lf; Campbell, 2b; MacDonall, 3b; Edler, 3b; Stocum, lf; H. Clark, cf; Robbins, rf.  
Gazette: Hyde, c; Helso G., p; McQuibby, ss; Smith, 1b; Helso W., 2b; Schmidt, 3b; Brewer, lf; Schuberl, cf; Ward, rf.

**Change in Schedule.**  
To accommodate some of the teams a change was made in the schedule and the games to be played during the rest of the season, as announced will be as follows:

Aug. 6: Y. M. C. A. and Calorie; Parker Pen and Plumbers, at Athletic Park; Hanson Furniture and Gazette, at Fair Grounds.

Aug. 12: Plumbers and Y. M. C. A.; Parker Pen and Gazette at Athletic Park; Calorie and Hanson Furniture at Fair Grounds.

Aug. 19: Parker Pen and Calorie, Y. M. C. A. and Hanson Furniture at Athletic Park; Plumbers and Gazette at Fair Grounds. (Game from June 10.)

Aug. 26: Calorie and Hanson, Y. M. C. A. and Gazette at Athletic Park.

**BASEBALL NOTES.**  
Hall Columbia: Happy Land—because their ball team is leading the South Atlantic League.

The Baltimore Orioles will take a trip to Cuba after the close of the Eastern League season.

Since "Jiggers" Donohue took charge of the Galveston team the San Crabs have played great ball in the Texas league.

Bill Lange, known as "Little Bear" in the days of "Pop" Anson, has signed shortstop McAdams of San Francisco for the Cincinnati Reds.

The Lynchburg team has made a great climb from the bottom and is now fighting at the top in the Virginia league race.

Poor Old Charley Hickman is about through. "Hick" is still able to stand up at the plate and hit a bat, but is hitting only .380 for Toledo.

Slapnicka. Not a new bascule nor a foot remedy, but the name of the star pitcher in the Wisconsin-Illinois league, who twirls for Rockford.

"Chick" Fraser, who has been named by New Orleans, says his pitching days are over, and that he would like to buy a minor league franchise.

Pitcher Bumgardner of the Huntington, W. Va., team has been sold to the St. Louis American. Even if he is a Bumgardner he may become a great pitcher.

"Ducky" Homes is anxious to buy the Dea Molina team, but Owner Higgins says that he is so fond of "Duck" that he wouldn't sell him the team for eight million dollars.

The Three I league has placed a limit of thirteen men to be carried by each team. Haven't the Three Lamp had enough trouble without teasing this thirteen stuff?

Manager Carr of the Utica club has sold Catcher Dan Howley to Cleveland. Howley used to be assistant to Mike Kahoe and Paddy Livingston when the three were backstopping for Indianapolis.

Several major league clubs are trying to get Ward Miller, the sensational outfielder now with Montreal. Miller was tried out by Cincinnati last season, but didn't cause any joy for Redland fans.

"Kid" Caray, the ancient big leaguer and manager of semi-pro teams in Washington and New York, would like to place a Virginia league team in Washington. It might help the District of Columbia, baseballically speaking, at that.

**WITH THE BOXERS.**  
The Armory A. A. of Boston will reopen August 4 with an amateur boxing tournament.

It is said that poor investments have twisted Hattie Nelson's bank roll all out of shape.

Tom Sharkey, who is managing Jim Barry, thinks he can make a champion out of the Chicago heavyweight. Don't make any noise; Tom wants to think.

**Wisconsin Skat Tournament.**  
Watertown, Wis., July 29.—Delegations from the cities and towns throughout the State are arriving for the annual summer tournament of the Wisconsin Skat League, which will be held tomorrow in Turner Hall. The players will contest for cash prizes amounting to \$11,150.

**Missouri Valley Tennis Tourney.**  
Kansas City, Mo., July 29.—A lawn tennis tournament for the men's championship of the Missouri Valley opened on the courts of the Kansas City Athletic Club today with a list of entrants that promises keen competition.

## CUBS WON GAME AT MILTON YESTERDAY

Local Team Victorious Over Milton Crescents By the Score of 8 To 6.

At Milton yesterday afternoon the Milton Crescents were taken into camp by the Janesville Cubs to the tune of an 8 to 6 score. Miller, one of the pitchers for the Milton high school nine when the latter won the state championship last year, pitched for the Crescents, but his slants did not prove particularly elusive for the batters, ten hits being counted against him. Green, twirling for the Cubs, had things his own way for four innings with the Miltonites, until the rain started, the wet condition of the ball making it difficult to pitch. The Cubs scored in the first round on Hemming's double and Porter's two banger to left and kept things moving through the rest of the game. The box score:

	Cubs.	R.	H.	E.
Murphy, 3b.	1	2	2	0
Hemming, 1b.	2	2	1	0
McDonall, 3b.	1	0	1	0
Porter, 2b.	1	2	0	0
Green, 1b.	1	2	0	0
Edler, 3b.	0	0	1	0
Schwedin, c.	1	1	0	0
Brown, rf.	0	0	1	0
Borger, cf.	1	1	0	0
Totals	8	10	4	

	Crescents.	R.	H.	E.
G. Crandall, 3b.	0	1	1	0
Whitell, c.	0	1	1	0
Hobbs, 2b.	1	1	0	0
Garrigue, ss.	0	0	0	0
Miller, p.	1	2	0	0
Traynor, rf.	1	1	0	0
Kundie, lf.	2	2	0	0
Vates, 1b.	1	0	0	0
P. Crandall, lf.	0	0	0	0
Totals	6	8	2	

Struck out by Green, 5; by Miller, 3; by Crandall, 2.  
Bases in balls, off Green, 1; off Crandall, 2.  
Umpire, Koch.

## WIND AND WEATHER KEPT AWAY GUNNERS

Only Seven Men Out For Weekly Shoot of Janesville Gun Club, W. E. Lawyer Being High Gun With Score of 43.

High winds and the mistiness of the weather kept a number of the local gunners from the range yesterday and only seven of the bolder ones braved the weather to take part in the regular weekly shoot of the Janesville Gun Club at the Fair Grounds. The wind, also, served to keep down the scores, but W. E. Lawyer who was high gun, broke forty-three out of fifty of the clay birds. The other scores were as follows:

J. W. Gibson	31
J. McVear	31
W. McVear	31
W. E. Lawyer	43
Win. Frey	40
L. E. Nickerson	30
H. McSamra	29

## PIRATES TO PLAY SECOND GAME WITH WHIRLWINDS

Amateur Baseball Organizations Will Hook Up At Athletic Park Tomorrow Afternoon.

At two o'clock tomorrow afternoon the Janesville Pirates will cross bats with the Whirlwinds of this city at Athletic Park. The two places were to have played last Sunday, but rain prevented the game. The Pirates, who are ambitious for championship honors, are anxious to win this game, and if the victory comes to them, plan to challenge other teams in the city for the city championship. The lineups for tomorrow:

Pirates: Johnson or Buggs, p; P. Hall, c; J. King, ss; F. Ranch, 1b; Moore or Carroll, 2b; Wallace, 3b; Manthel, rf; Cantwell, cf; Otto, lf; Goetz and Barry, subs.
Whirlwinds: O'Hara, p; Fronck, c; V. Hemming, 1b; Wilks, ss; Bunka, 2b; Schuler, 3b; L. Stewart, rf; Falter, cf; R. Schuler, lf.

**Canadian Athletes in France.**  
Nancy, France, July 29.—A number of well trained and well equipped Canadian athletes, representing the Young Canadian Athletic Society of Montreal, have arrived here for the international gymnastic tournament, in which they will compete against some of the best muscle in the world in the tests of skill, speed and endurance. The tournament is to have its formal opening tomorrow and will continue for several days.

**Cotton Carnival At Galveston.**  
Galveston, Texas, July 29.—Hotels and boarding houses are rapidly filling with visitors for the annual Cotton Carnival, which was formally opened today and will continue for weeks.

The list of attractions is more varied and of a higher class than in previous years and the management is looking forward to the largest crowd ever entertained in Galveston.

## CUBS AND CARDINALS AT ATHLETIC PARK TOMORROW

City Champions Will Play Former Champions, Game Starting At Half Past Two O'clock.

At half past two o'clock tomorrow afternoon the Janesville Cubs, amateur baseball champions of the city, and the Janesville Cardinals, former champions, will meet at Athletic Park, the game commencing at half past two o'clock. In the last combat between these two nine, the Cardinals were victorious, winning 2 to 1. The Cubs had, however, in two previous matches defeated the Cardinals and say that they can turn the trick again. The teams are considered the best amateur organizations in the city and the

light for the honors should be close. The Cubs have been winning regularly of late defeating the Milton Crescents at Milton yesterday and declare that nothing short of an accident will rob them of a victory tomorrow. The lineup of the teams will be as follows:

**Rise to the Occasion.**  
It is a commonplace that we cannot answer for ourselves before we have been tried. But it is not so common a reflection, and surely more consoling, that we usually find ourselves a great deal better and braver than we thought.—R. L. Stevenson.

## BLUE RIBBON RACE MEET AT DETROIT

Speediest Horses of Grand And Great Western Circuits At Michigan State Fair Grounds For Opening Monday

(SPECIAL TO THE GAZETTE.)  
Detroit, Mich., July 29.—All the best known horses following the Grand Circuit and the Great Western Circuit this year are now quartered at the State Fair grounds in readiness to compete for big stakes at the twenty-seventh

th annual Blue Ribbon meeting, which will open Monday and continue five days. The \$5,000 Chamber of Commerce racing stake will be the big event of the opening day. The Chicago Horseman Futurity, \$10,000 guaranteed, will be the feature event on Tuesday's card and will be followed on Wednesday by the Chase Merchants and Manufacturers Stake, \$10,000, for 221 class trotters. The track is in excellent condition and with fair weather conditions during the week the meeting is expected to be one of the most successful of recent years.

**Poor, Indeed!**  
How poor are they that have not patience.—Shakespeare.

**Character and Reputation.**  
There is a broad distinction between character and reputation, for one may be destroyed by slander, while the other can never be harmed save by its possessor. Reputation is in no man's keeping. You and I cannot determine what other men shall think and say about us. We can only determine what they ought to think of us and say about us.—J. O. Hol-land.

**Worthy of All Honor.**  
Honest toil is holy service; faithful work is praise and prayer.—Henry Van Dyke, "Telling of Felix."

# Don't Let A Lack of Training Cripple Your Prospects For A Successful Future

## All Parents Should Read This Announcement and Consider it for Their Sons and Daughters

Present day business methods have worked the undoing of the untrained man. But the world offers great prizes to men who can DO THINGS. With the present great prosperity, expansion of business, and establishing of new enterprises, there is a work for all who are willing to work and are capable of doing what this pushing, practical and progressive age requires done. Those who are content to do the drudgery of the world must be content with the pay common-place service commands. But those who aspire to be something more than mere competitors of machines and wish to reap the rewards that are offered for efficient brain service, must have their brain powers CULTIVATED AND DEVELOPED. You must have your mind TRAINED for the kind of service that the world is willing to reward. And so, young man, young woman,

W. W. DALE, President and Manager.

# NOW Is Your Opportunity

The prizes of life are yours to enjoy if you get out and hustle for them. The world is every day asking for the services of young people TRAINED FOR BUSINESS. This training can be had at SMALL EXPENSE; it can be learned by any one with a COMMON SCHOOL EDUCATION; the START is within the reach of all, high or low, rich or poor; the only natural fitness you need is HONESTY and WORK; that you CAN SUCCEED to competence is beyond a doubt, though you might fail in every other line of work. You will be paid for WHAT YOU KNOW not for WHAT YOU DO. We have taken hundreds of young men and women, trained them along the lines of business and then placed them at \$40; \$45 and \$75 a month, and in a few months we see them drawing salaries of \$100 to \$150 a month.

After working for over 20 busy, hard-thinking years in this line of business, don't you think our experience ought to be worth heeding? Take out word for it, that

# A Business Education Will Cost You Less

AND PAY YOU MORE THAN ANY OTHER KIND.  
Don't go on "hearsay" but investigate this matter for yourself. There are opportunities in the business world you never dreamed of. Why take chances in some other line of work? A talent to succeed in anything will pay you tenfold more in business.

But your success is going to be determined in a large measure by the "START"—the school in which you secure your training. All schools are not alike in this respect, no more than all stores are alike. HIGH QUALITY OF WORK AND STANDARDS OF GRADUATION are confined to too few business schools. The importance of securing your training from competent men cannot be too strongly emphasized. One young man, only a short time ago, attended a neighboring school to study shorthand. After spending almost 5 months he decided to enroll with us and found that our students of 3 months had much more ability to write shorthand than he. He had been allowed to make poor notes; had many outlines incorrect and thus could hardly read much of what he wrote. He says, "The habits I acquired on first taking shorthand are almost impossible to break, and I feel that my ability as a stenographer has been seriously handicapped."

Our long experience in business college work has shown us how to present every subject to the student so that no time may be wasted and the greatest efficiency produced. We are the only schools in Southern Wisconsin that are affiliated with the Commercial Educators' Association, the highest standard of Business Education in the State. Unless the facilities offered by the

# JANESVILLE AND BELOIT BUSINESS COLLEGES

The Largest High-Grade Business Schools in Southern Wisconsin

and the results attained were more satisfactory, we do not expect the patronage of ambitious young men and women.

## Our Business Course

Including Bookkeeping, Accounting, Banking, Arithmetic, Spelling, Penmanship, Commercial Law, Business Correspondence, Office Practice and Business Economics and Civics, offers the young man or woman a training of such HIGH GRADE as to fit him or her for the BEST bookkeeping or other clerical positions

## Our Stenographic Course

consisting of Chartier Shorthand, Spelling, Penmanship, Business Correspondence, Touch Typewriting, Office Practice on the latest office devices, including Adding Machine, Writerpress, Mimeograph, Letter Press, Carbon Copying and Vertical Filing, fits any young person to perform the duties of the HIGH-EST POSITIONS offered by the shorthand world.

The excellent work which our students are able to perform after completing the above courses has caused business men everywhere throughout this part of the country to seek our graduates in preference to others. Hence it is no uncommon thing to have our graduates spoken for months in advance of

their finishing the course. This demand is increasing year by year so that to-day we are able to

## Place every Graduate or Refund Tuition

Nothing can be fairer. Don't you think that in justice to yourself you should investigate our schools, decide on the results we are able to show and the high standards we uphold, if you would secure a preparation that will QUALIFY you for the BEST POSITIONS? Don't hesitate.

## Fall Term Opens September 5th

Arrange NOW. Our work is conducted almost entirely on the INDIVIDUAL plan so that a student may BEGIN ANY DAY and advance as rapidly as his ability will allow. Resolve to be somebody and back up your resolve by action NOW. Drop us a card for our handsome new catalog. It's free. Or better call to see us and note for yourself the excellent modern equipment which we possess and the interested young men and women we have enrolled.

Total..... 14,779

14,779 divided by 9, total number of issues, 1642, Semi-Weekly Average.

This is a correct report of the circulation of The Janesville Daily and Semi-Weekly Gazette, for June, 1911, and represents the actual number of papers printed and circulated.

W. H. BLISS, Business Mgr.

Subscribed and sworn to before me this 1st day of July, 1911.

OLIVER M. HAYWARD, Notary Public.

My commission expires July 12, 1914.

## WEATHER.

For Janesville and vicinity: Fair tonight and Sunday; light to moderate variable winds.

## Vacation Notice

You can take your Gazette with you on your vacation or outing. Postage paid. Notify the office of your desire, giving address and length of time the change is to continue. Phone either line, 77-2 rings.

## OUR SATURDAY NIGHT.

The world is full of joyous things for mankind, but alas, each bears imaginary signs that read "Keep Off the Grass!" We look across the fence and see green pastures rolling wide, and view that sign that says that we must keep our feet outside. Wherefore, we view with longing eyes, and eager outstretched hand. The vision just across the fence, attractive, rich and grand. That maybe is not near so good as what we have and hold, but which, through prohibition, is as precious as gold.

—Dallas News.

When Eve looked across the garden wall with longing eyes at the forbidden fruit, and tempted the head of the household to climb the tree and secure the treasure, who gave evidence of a normal disposition, which has developed as the race has multiplied through all the centuries, until today it stands out prominently as a leading characteristic, for the unattainable in the one thing which the human family covets.

The ambition of the average child in any kind of a home is to possess the things just out of reach. The baby cries for everything in sight, and the small boy steals away behind the barn to cultivate a colle on the green apples which he had been told to let alone.

The life of the average child is a life of bumps, so full of "don'ts" that it resembles a cordon road, and all because of the universal demand for possessions beyond the grasp of childhood.

If this spirit of longing for the unattainable was confined to childhood the problem would not be so serious, but unfortunately the advance of time contributes to its ardor and the spirit of longing is transformed to a spirit of envy and envy is the root of more evil than money, because it always circulates at par and the supply is always equal to the demand.

The high cost of living, of which so much has been said and written of late, is more of a myth than a reality, because our expenditures are based on our wants, rather than our needs, and many of our wants are created by envy and a desire to keep up with the procession.

Our neighbor buys an automobile and we mortgage our home on unearned salary to trot in his class, and the high cost of living is held responsible for our being "hard up."

The cost of living, in the last analysis, is usually the amount of income, in the average home whatever that may be.

The man with a \$1,500 salary finds more ways for his money than when he was living comfortably on half that amount, because his horizon has been enlarged and wants have increased in proportion.

The standard of living in the American home, is higher today than at any time in the history of the country, and luxuries have become so common that many of them are regarded as necessities.

Our tables are not only better supplied with food, but our wardrobes and closets are filled with clothing and shoes of better quality than ever before.

When money is plentiful, and well distributed, and people have a disposition to spend it in gratifying wants, times are always good because labor finds ready employment, and all kinds of manufacturing industries flourish.

Hard times is not always the result of a shortage of money. When the circulating medium circulates freely, times are always good, and when the circulation is retarded, depression follows.

The average family has clothing and shoes and furniture enough on hand to last a year, and if they should stop buying these necessities for that length of time, half the labor employed in the industrial world would be idle and a panic would result.

The disposition to economize would affect the luxuries, more than the necessities and every automobile factory in the country would be closed for lack of orders.

It is gratifying to live in a land where it is possible for so many people to gratify the wants of life, and enjoy the luxuries so freely.

The men and women who are living close to the border line, representing the fringe of the last generation, are startled at the extravagance of the new century, and display warning signals at every opportunity.

The dollar of the fathers was not always a nimble dollar, and the men still in possession find it difficult to quicken the pace.

The city of London, and many other foreign cities, supports an army of men and women by finding employment for them on the streets, at a low wage, paid at public expense.

America is free from this class of pauper labor because employment is readily found in the industries which supply the wants, both real and imaginary, of a nation of spenders.

There was a time in this country, and not so long ago, when every public park was dotted with little signs which read, "Keep off the grass." Today they have disappeared because we have discovered that it is safe to trust humanity.

Thus, many of the imaginary signs have disappeared. The boy of today is not reminded, when he comes home with a ten cent ball, that the dime would have bought a testament for the heathen.

The standard of morality in every home should be high enough so that most of the "don't" signs can be removed. The fact was discovered, a long time ago, that the most expert card players were educated in the hay mows, and not in the homes where innocent amusements were encouraged.

What is true of the home should be true of the towns and cities. Someone has said that if Rock River flowed pure beer and good whiskey, instead of muddy water, that there would be no drunkenness. That might or might not be true. It would certainly settle a lot of questions on regulation.

The flower city is recognized today as a wide open town, a fact which many good people deplore, and yet the town is law-abiding, with less drunkenness than the cities of Iowa had, under prohibition rule, when "Keep off the grass" signs appeared on every corner.

The simple truth in cold type is this: The city of Janesville, like every other city, has just the kind of a government that a majority of the people want, and the only way to improve it is by elevating the standard of morality.

There is such a thing as business morality as it applies to the general business of a nation. During President Roosevelt's administration, reforms were inaugurated in the business world which resulted in a complete revolution of methods, and many customs, long established, which seemed right, were pronounced wrong by the verdict of public opinion.

So there is such a thing as public morality but the saloon and brothel are but surface indications. The dollar of greed which harbors those plague spots is the tainted dollar which should be diverted into other channels.

If Janesville had fifteen saloons instead of fifty-five, the supply would be ample, but there would be forty vacant buildings, and so when ex-Mayor Carlo attempted to reduce the number he was confronted by the sign, "Keep off the grass."

The happy content of a satisfied people creates a home-like atmosphere which we all enjoy and so Janesville continues to be a most desirable city for a home.

Should a "Billy Sunday" strike it like a cyclone, or half a dozen well equipped factories light on us some night and refuse to leave, conditions might change. In the meantime let us enjoy the blessings we possess and be thankful.

## PRESS COMMENT.

The Boy Scout Idea.

Galesburg Evening Mail: England has two hundred thousand boy scouts organized and equipped under the leadership of famous soldiers. The movement there has passed all expectations of success. In America,

from present indications, there will be a boy scout organization of over a million.

As the movement spreads in the United States the leaders are striving to prevent it from becoming military. All military titles are being abandoned and the ideal of the founders is to have a host of sturdy, upright, healthy boys in training for the struggles and temptations of the business world. The boys are taught to be scouts, not of war, but of peace.

## Good Roads.

Chicago Examiner: The growth of the good roads movement is shown on the recent chart issued by the United States Office of Public Roads. There are now 15,000 miles of trans continental, interstate and trunk line highways under advisement.

If all these plans are perfected we shall be able to drive an automobile or a horse in comfort from ocean to ocean, 3,800 miles, from Cumberland, Md., to Tacoma, or from Vancouver to Tijuana, Mexico, 2,000 miles.

Nearly every state is interested, and indications point to a network of the roads which will equal the famous post roads of Europe.

## Government and Business.

Marquette Eagle-Star: It is very true that the fact of a community operating under a commission form of government does not necessarily carry with it the guarantee of good government. And no one who knows has ever claimed that it does. But—and it may be well to remember this—the commission form of government places it in the power of the citizens of any community to have the best kind of a business administration. This is well nigh impossible under the partisan, political, to the victor belongs the spoils system that is rapidly coming into disrepute all over the country.

## Fixing the Cost.

Waukegan Chronicle: The United States senate has passed the bill fixing the expenditure at \$10,000 which a candidate for senator may legally make in endeavoring to gain an election to that branch of the government. In the meanwhile a congressman is limited to an expenditure of \$5,000. Little doubt exists that the President will approve the measure. The days of the Lorimers and Stephens in the United States senate are evidently numbered and this is not saying that honest men of wealth need not aspire to the United States senate either.

## A Double Purpose.

Fond du Lac Commonwealth: In view of the fact that the ice supply was running short and that the middle west was facing an ice famine, the state of the weather man this week has served a double purpose. It has saved the crop situation and has helped conserve the ice supply. All of which should add to the popularity of the weather man.

## Commission Form.

Green Bay Gazette: What has become of all the cities that were to consider the commission form of government? There has been nothing said regarding this movement for some time, while several months ago many cities were announcing that special elections might be held to decide the question. The cities in the state that have adopted the new form of government seem to be getting along remarkably well, according to all reports.

## Are Kept Busy.

Rockford Republic: The principal occupation of congressional committees these days appears to be finding out how our millionaires made their money from the stockholding "widows and orphans" who are always held up as the sufferers every time anything happens to reduce trust dividends.

## Reciprocal Action.

Wausau Record-Herald: The senate threatens to hand the president a paper in the shape of the house wool bill. If "Big Bill" believes in reciprocity as much as he says he does, he ought to sign the Democratic measure, for the Democrats helped him out with his Canadian reciprocity program.

## Credit Also Good.

Oshkosh Northwestern: Uncle Sam has nearly two billion dollars in gold in his treasury at the present time. Which is a far different and more satisfactory situation than when the government was forced into the necessity of issuing bonds in order to secure gold under the Cleveland administration.

## Same Way in Canada.

Fond du Lac Reporter: Considerable opposition to the reciprocity pact has already developed in Canada, but it is unlikely that the present trouble will be lasting. The majority of Canadians are just as anxious as the people of the United States to secure the removal of a tariff wall, which has kept prices soaring for many moons.

## How About Europe?

Racine Times: Taft says we're entering an era of world-peace; the chancellor of the British exchequer says that England will maintain her world-prestige if she has to fight for it. Of course the latter may have only been handling the Kaiser a little bluff.

## Merely Suggested.

Elkhorn Independent: Along with the new athletic course at Madison, which will lead to a degree, an unofficial, at least, course in base ball hitting with special instructions in the correct use of the b. b. vernacular might prove picturesque.

## Chances Are Big.

Racine News: There may be no graft, but one cannot help speculating on how many new millionaires will be made by that \$25,000,000 contract for underground railways in New York city.

## Wait Till Then.

Madison Democrat: (However, the test will come at tax time.) Just wait, reciprocity and wool duties will be forgotten when January rolls round. Some one will be held answerable for the added draft upon the purse of the people.

### WEATHER BUREAU

WILLIS L. MOORE, Chief.

July 29, 1911.

The barometric trough that stretched from Manitoba southward over the Plains to Texas has dissipated, after causing light rains in the Lake region and upper Mississippi valley. The weather conditions continued unsettled yesterday on the North Atlantic coast. A local storm at Boston was accompanied by a rainfall of 3.26 inches. The weather is generally fair, with moderate temperatures in the South and West, except in the northern Plateau region where high temperatures were reached yesterday afternoon. Fair weather, with little or no change in temperature will prevail in this vicinity tonight and Sunday.

South and West, except in the northern Plateau region where high temperatures were reached yesterday afternoon. Fair weather, with little or no change in temperature will prevail in this vicinity tonight and Sunday.

South and West, except in the northern Plateau region where high temperatures were reached yesterday afternoon. Fair weather, with little or no change in temperature will prevail in this vicinity tonight and Sunday.

South and West, except in the northern Plateau region where high temperatures were reached yesterday afternoon. Fair weather, with little or no change in temperature will prevail in this vicinity tonight and Sunday.

South and West, except in the northern Plateau region where high temperatures were reached yesterday afternoon. Fair weather, with little or no change in temperature will prevail in this vicinity tonight and Sunday.

South and West, except in the northern Plateau region where high temperatures were reached yesterday afternoon. Fair weather, with little or no change in temperature will prevail in this vicinity tonight and Sunday.

South and West, except in the northern Plateau region where high temperatures were reached yesterday afternoon. Fair weather, with little or no change in temperature will prevail in this vicinity tonight and Sunday.

South and West, except in the northern Plateau region where high temperatures were reached yesterday afternoon. Fair weather, with little or no change in temperature will prevail in this vicinity tonight and Sunday.

South and West, except in the northern Plateau region where high temperatures were reached yesterday afternoon. Fair weather, with little or no change in temperature will prevail in this vicinity tonight and Sunday.

South and West, except in the northern Plateau region where high temperatures were reached yesterday afternoon. Fair weather, with little or no change in temperature will prevail in this vicinity tonight and Sunday.

South and West, except in the northern Plateau region where high temperatures were reached yesterday afternoon. Fair weather, with little or no change in temperature will prevail in this vicinity tonight and Sunday.

South and West, except in the northern Plateau region where high temperatures were reached yesterday afternoon. Fair weather, with little or no change in temperature will prevail in this vicinity tonight and Sunday.

South and West, except in the northern Plateau region where high temperatures were reached yesterday afternoon. Fair weather, with little or no change in temperature will prevail in this vicinity tonight and Sunday.

South and West, except in the northern Plateau region where high temperatures were reached yesterday afternoon. Fair weather, with little or no change in temperature will prevail in this vicinity tonight and Sunday.

W. T. Sherer  
J. P. Baker  
Smith's Pharmacy.

See that the name James Cowling, Galena, Ill., is on the thermometer.

## Will Aid The Work

The work of the collectors for the zette can be very greatly assisted if the patrons of the paper will have their payments ready at the time the collector calls. Most of our friends have assisted nicely in this connection and their promptness is appreciated. With several hundred calls to make each month, it is no small task and where it is necessary to make several return calls, the work is greatly increased. The collectors make the rounds of the city on the following dates, or near those dates:

BUSINESS SECTION:—3-10.  
FIRST WARD:—1-3.  
SECOND WARD:—12-15.  
THIRD WARD:—12-15.  
FOURTH WARD:—1-2.  
FIFTH WARD:—1-3.

A man that has had his fill is no eater.

## GOLFERS READY FOR STATE TOURNAMENT

GATHERING AT KENOSHA WILL BE WELL ATTENDED BY LOCAL ENTHUSIASTS.

## OPENS ON WEDNESDAY

Eleventh Annual Amateur Championship of the State Takes Place Next Week.

Janesville golfers are interested in the approaching state golf tournament which opens at Kenosha on Wednesday next. Many of the best players of the Wisconsin golfers will be present and take active part in the events to be played off.

The past few weeks have been strenuous ones at the local clubs. The House Committee have reorganized their department, Mrs. Paul having been promoted to again assume charge of the club's money and better and quicker service is promised.

The professional golf coach, engaged early in the season has been disappointed with it, being found expedient to do so and the regular club modal contests are to be arranged. The present contest, for the Olin and Olson cup, an elaborate affair, is to be played this week Tuesday and the finals will come the week after the tournament.

The house committee is trying hard to make the regular Tuesday club day popular and the dinner at six thirty will be more elaborate than in the past. The dances are all free, the club having appropriated money for that purpose. The Thursday bridge games are most popular, some sixty ladies playing this week.

However the eyes of the golfers are now turned toward the state tournament which opens at Kenosha on Wednesday. It is the eleventh annual tournament and is open to all golfers who are members of clubs that are members of the state association.

The competition will be played under the Rules of Golf as announced by the Western Golf Association, except such special local rules as may be announced by the Tournament Committee.

The winner of the competition shall be the Amateur Champion of Wisconsin for the year, and his club will have the custody of the cup until the next annual competition. A gold medal will be awarded to the winner of the championship, and a silver medal to the runner up.

The competition will consist of a qualifying round at 18 holes, medal play, 16 to qualify for the Championship Cup. The second 16 to qualify for the President's Cup, and the third 16 to qualify for the Director's Cup. The 16 in each flight shall then compete at match play, 18 holes, except finals, which shall be at 36 holes.

Players defeated in first round Championship Cup to play down at match play for Vice-President's Cup; those defeated in first round President's Cup to play down at match play for Secretary's Cup, and those defeated in first round of Director's Cup to play down at match play for Treasurer's Cup.

A cup will be given for low score in qualifying round, and silver cups for winners of the President's, Vice-President's, Director's, Secretary's and Treasurer's flights.

There will be appropriate cups for the Consolation, Choice Score, Age Limit, Two-ball, Four-ball and Bogey competitions, and for those failing to qualify in their respective cups four or more fall to qualify.

The program arranged is as follows:  
Wednesday 9:00 A. M.—Pater-Fillus 18 holes, medal play handicap. 2:00 P. M.—Vale Cup. Team of five players from each club. 18 holes, match play against bogey.

Thursday 8:00 A. M.—Qualifying round 18 holes, medal play. The first 16 qualify for the Championship Cup. The second 16 qualify for the President's Cup. A cup will be given for the low qualifying score. 2:00 P. M.—First round match play, Championship Cup. First round match play, President's Cup. First round match play, Director's Cup.

Consolation Cup for those not qualifying in any of above flights at 18 holes, medal play handicap.  
Friday 8:00 A. M.—Second round match play, Championship Cup. Second round match play, President's Cup. Second round match play, Director's Cup. First round "Choice Score" handicap. 2:00 P. M.—Semi-finals, match play, Championship Cup. Semi-finals, match play, President's Cup. Semi-finals, match play, Director's Cup. Second round "Choice Score" handicap. First round Age Limit (50) handicap. Two-ball Four-ball handicap, 18 holes, medal play.

8:00 P. M.—Annual meeting W. S. G. A. Club house.  
Saturday 8:00 A. M.—Finals, first 18 holes match play, Championship Cup. Finals, first 18 holes match play, President's Cup. Finals, first 18 holes match play, Director's Cup. Second round, Age Limit (50) handicap. Bogey match at 18 holes against Col. Bogey, handicap. 2:00 P. M.—Finals, second 18 holes match play, Championship Cup. Finals, second 18 holes match play, President's Cup. Finals, second 18 holes match play, Director's Cup. Social matches.

At the conclusion of the Championship finals a professional contest will be held. Professionals of clubs that are members of the Wisconsin State Golf Association are eligible.

Cash prizes will be given.

ENTERTAINED AT SHOWER IN HONOR OF GUESTS

Mr. and Mrs. Chas. Bell were host and hostess at a miscellaneous shower given in honor of Miss Helen Zierath and Mr. William Wallisch on Thursday evening. Many beautiful presents were received and an enjoyable time was spent by all. Light refreshments were served.

St. Paul's Church

Will hold an ice cream social next Wednesday evening, August 2, on the lawn of Mrs. Wm. Miller, 233 Western Ave. In case of rain, next day. Ice cream and cake, 10c.

## REVEREND WILLMANN LEAVES FOR EAST

Rector of Trinity Parish to Spend Month in the East Visiting Relatives.

The Rev. Henry Willmann, rector of Trinity church, accompanied by his sister, Miss Florence Willmann, left for Milwaukee this morning, beginning his vacation. He will spend the month of August with his mother and family in New York City. On his trip east he will travel via the Great Lakes from Milwaukee to Buffalo on the steamer "Northland." A day will be spent at Niagara Falls, and on Wednesday, next, a trip will be taken down the Hudson river on the day line steamer. During his absence the Rev. W. J. H. Benson, a former assistant, will take the services for two Sundays, and Mr. Geo. H. Francis of Madison the Sundays in August.

## THIRD PRIZE IN THE LAST RECIPE CONTEST

Mrs. Godfrey Holst Awarded Third Prize in the June Contest for Women.

The following is the hot weather recipe that was awarded third prize in the June contest for Gazette readers. Her recipe is as follows:

Put two tablespoons of ground ginger into a piece of cheese-cloth, place this into an agate evaporator, pour over it two quarts of cold water, bring to a boil and simmer gently three minutes. Add two cups of sugar, stir well; dissolved; next put in the strained juice of four lemons. Stand aside until cool, put in a pitcher or jar, place it in the refrigerator. When serving time comes, put crushed ice in glasses to the depth of an inch, then fill them up with the mixture. For those who enjoy mint a bruised sprig is an acceptable addition, with a chip of the yellow rind of a lemon, or a ship of orange peel. Serve with sweet waters. In winter this is exceedingly comforting, especially if heated to the boiling point and slipped.

## FINE PROGRAM FOR CONCERT, TUESDAY

Second of Ten Concerts Will Be Given by Bower City Band in Court House Park Tuesday Evening.

On next Tuesday evening the Bower City band will give the second of the series of ten concerts for which the Industrial and Commercial club has solicited subscriptions. In the Court House park, commencing at eight o'clock. A splendid program of ten numbers has been arranged for the concert as follows:

Winning Flight March.  
Landscape—Overture.  
Vale of Dreams—Song solo for Baritone—Mr. Deppen.  
Winter—March.  
Every Little Movement—From Madama Sherry.  
Flight of Fancy—Waltz.  
Sageo Polka—Solo.  
Rosen's 131 Popular Melody.  
Who Are You With Tonight?—March.  
America.

The audience is requested to sing on the last number.

## FORMER RESIDENT CAPTAIN IN THE REGULAR ARMY

Captain James Ruggles of Army in Philippines Here on Visit to Local Relatives Yesterday.

Captain James Ruggles of the regular army, a former resident of this city stationed in the Philippines and now on a three months' leave of absence, was in the city yesterday on a visit to relatives here, arriving here from Chicago on his way to Portland. Captain Ruggles left this city about twenty years ago to seek his fortune elsewhere and in 1900 enlisted with the Illinois Volunteers, going to the Philippines. Promotion came rapidly for the volunteer and shortly before the term of his enlistment expired, he was promoted to the rank of captain. He then entered the regular army as a commissioned officer.

## BRIEF LOCAL NEWS.

Droke An Arm: George Benwitz, son of Mr. and Mrs. Fred Benwitz, broke an arm above the elbow Wednesday, when he fell from an apple tree.

Married at Chicago: Cecil C. Burgess of this city and Emma P. Menzel of Chicago were wedded at the latter city on Tuesday, July 25. Rev. Geo. E. Barnum of Oakbrook performed the ceremony. The couple will make their home in Chicago.

Kilmer Improving: James Kilmer, who was hurt in a runaway on Thursday, is improving. Fifteen stitches were required to close the cut which he received on his head.

Marriage License: A marriage license was issued at the office of the county clerk this morning to William Wallisch and Miss Helen Zierath, both of this city.

Motor Parties: Mrs. C. K. Farwell, Mrs. T. Wilson, A. P. Farwell and A. P. Wilson of Chicago, were members of an auto party at the Myers hotel yesterday. Mr. and Mrs. James Kilmer of Geneva, Ill., were autoists registered at the Grand Hotel.

## BRIEF PERSONAL MENTION

Miss Nellie Murphy of Monroe, returned to her home yesterday, after a visit with Miss Marie Murphy.

George Muege and Benjamin Eller left this afternoon for an over Sunday visit in Chicago.

Mrs. G. C. Hyde spent the day in Milwaukee.

Mr. Squires of Elkhorn, visited his father, O. W. Squires of this city yesterday.

Mr. and Mrs. James Orchard of Benton, are the guests of Mr. and Mrs. David Holmes.

Miss Helen Nash, who has been visiting with relatives in Janesville for several weeks past, has returned to her home in Chicago.

Mrs. L. H. Reynolds left for Milwaukee yesterday to join friends on an outing trip to Lake Koshong.

Miss Lillian Schoeneman of Chicago, is the guest of Mrs. George Scarcliffe.

Mrs. Carrie Childs of Emerald Grove, is the guest of Mrs. John Scouler on South Bluff street.

Miss Fannie Dooley will leave Monday for a two weeks outing in Northern Wisconsin.

The Misses Totts who have been the guests of Mr. and Mrs. P. F. Lewis, have returned to their summer home at Lake Geneva.

Miss Lupton and Joselle McGregor, who have been visiting with relatives in Hammond, Ind., for the past few weeks, have returned to their home in this city.

Dr. and Mrs. David Benton are enjoying an outing at northern Wisconsin lakes.

Miss Margaret Halverson of Chicago, is making a two weeks visit to her father and brother on Cherry street.

Miss Laura Mosier left this morning for a short visit in Madison.

Mrs. Edward Peterson, Mrs. William Hager, Jr., and Miss Isabel Smith are spending a few days at Lake Koshong.

Misses Estelle and Marie Radtke, Manitowish, returned to Chicago, and Lillian Leahy, the guests of Miss Jessica Keating at her up river cottage on Friday.

A. A. Keating left for New York yesterday on business.

Mrs. Charles Levy left for Chicago yesterday.

Miss Gladys Clifford is spending a week at Lake Koshong.

D. D. Manross went to Edgerton this morning on business.

A. E. Matekon was a Broadhead visitor this afternoon.

Rev. Henry Willmann and his sister, who has been visiting in Janesville, left this morning for New York City. They will go by boat from Milwaukee to Buffalo.

Mr. and Mrs. Fred Palmer returned today from an outing at the falls.

Mr. and Mrs. George Parker left this morning for their cottage at Lake Koshong.

Mrs. Charles Swan, North High street, returned last evening from Milwaukee, accompanied by her mother, who will spend several weeks visiting here.

John Dawson of Orman, South Dakota arrived in the city this morning for a visit with friends and relatives here.

Alexander Galbraith writes from England that "the country there is very dry and needs rain badly. He reports a fine passage across and says he is enjoying himself."

C. Carter has returned from a four months' visit in the west. He spent sometime with his daughter, Mrs. H. Thomas, in British Columbia, and with his grandson and great-grandsons in Seattle.

Miss Sarah Hilkey is visiting in Milwaukee.

Miss Marie Allen, daughter of Mr. and Mrs. J. V. Allen, has returned from Lake Geneva.

Mrs. W. H. Judd has returned from Chicago where she has been visiting the past week.

P. A. Peterson, who has been acting in the capacity of manager for the Rock County Cement Stone Co., has accepted a responsible position with the Creamery Package Mfg. Co. of Lake Mills.

Mrs. John C. McNaughton and son, Clayton, have moved to Chicago, and will reside there in the future.

Mrs. C. E. Looper and daughter, Miss Gertrude of Kaukauna, are guests of Miss Ida Harris, South Jackson street, and will accompany her to Landerdale lake.

Mr. and Mrs. H. Silverthorne of Oronville, were Janesville callers today.

Mrs. F. Matheiser of Des Moines, Iowa, is visiting friends in this city.

John A. Paul of Milton, chairman of the county board, was in the city on business today.

Emor T. Elliott of Edgerton, was a visitor here today.

Earle Moody of Milton Junction, was a business visitor here this morning.

The Misses Myrtle Hoffman, Mary Felt and Joselle Edwards of Madison, were Janesville visitors today.

## SWEDE CLAIMED HE HAD BEEN ROBBED

Harvest Hand Bound For West Told Police He Had Been Robbed In "Mulligan" Camp Along River.

Frank Alm a Swede, but a short time over from the old country, and bound for the harvest fields of the west, had evening reported to the police that he had been robbed in the willows along the river north of the Crook Brewery, by a man who gave him the name as James Davey of Springfield, Ill. Officer Peter Champion went to the place where the robbery was alleged by Alm to have occurred and took Davey to the police station, where he remained overnight.

The alleged robbery took place, according to Alm, shortly after noon yesterday. Davey taking about three dollars in cash from him. With part of this money Davey bought four gallons of beer, the alleged victim says, and Davey and four other men forced him to join them in their drinking, and would not let him go for fear he would inform the police. The beer, however, seemed to be sufficient attraction to keep the Swede, as when he accompanied Champion to the police office, the descendant of the Vikings gave him a "fair package on." Davey was released this morning as there was not sufficient proof to hold him. He claimed Alm had given him the money. In order to secure Alm as a witness in case Davey was arraigned, Alm was locked up in the station overnight. The remainder of his money, which had not been spent, was returned to him and the two men were allowed to go.

## LONE SURVIVOR OF CREW OF 12 WASHED ASHORE

Steamer John Irwin Sinks During Storm Off the Coast of Nova Scotia.

Halifax, N. S., July 29.—Eleven lives were lost when the coal-bunker steamer John Irwin, bound from Port Merion for this port, foundered Tuesday morning during a storm off Beaver Harbor, 115 miles east of Halifax.

So far as is now known there is only one survivor, William McLeod of Halifax, who was washed ashore on one of the steamer's hatches at Marie Joseph. He was first mate of the steamer.

McLeod, who was taken to Liscomb, is so weak as a result of his experience that he has been unable to give a coherent account of the disaster. He said he thought he saw Captain Heister, the steamer's commander, on another hatch with a portion of his crew.

Marie Joseph is a small settlement on the eastern coast of Nova Scotia, about eighty-five miles from this city. Beaver Harbor is to the westward of Marie Joseph, and McLeod must have drifted more than twenty miles before he was cast upon the shore.

Liscomb, Marie Joseph and Beaver Harbor are all far removed from railway and wire communication, which accounts for the fact of two days elapsing before news of the Irwin's fate could reach this city.

## ADMIRAL TOGO ON WAY TO U. S. WILL VISIT TAFT ON HIS ARRIVAL IN THIS COUNTRY.

London, July 29.—Admiral Togo sailed today on the Lusitania as a guest of the American nation. The Japanese military counselor is unaccompanied.

Admiral Togo will call on President Taft in Washington and will then visit Philadelphia, going from there to Niagara Falls and across Canada to Victoria, where he embarks for Japan.

Togo refused today to say whether his visit had any political significance.

## Useless Effort.

The woman who is wearing a new \$15 hat can't understand why people should waste time or strain their eyes trying to see a comet.

## New Dry Cleaning Establishment

Agency at Ziegler's Clothing Store

Mr. Geo. F. Davis of Ziegler's store has installed a complete and up-to-date plant for Dry Cleaning at 402 No. Pearl St.

Mr. Davis being an experienced tailor and having a thorough knowledge of the Dry Cleaning business, the work from his establishment will be faultless.

All cleaning, pressing and other work will be under the personal supervision of Mr. Davis.

A central depot is maintained at Ziegler's for the convenience of patrons. Articles may be left at the store and called for there, or you may have the benefit of a delivery service.

Admiral Togo.

accompanied by a suite. His only companion is Commander Tautzuchi, his aide-de-camp.

Admiral Togo will call on President Taft in Washington and will then visit Philadelphia, going from there to Niagara Falls and across Canada to Victoria, where he embarks for Japan.

Togo refused today to say whether his visit had any political significance.

Useless Effort.

The woman who is wearing a new \$15 hat can't understand why people should waste time or strain their eyes trying to see a comet.

## The Income Tax

Our Certificates Of Deposit

AS WE READ THE NEW INCOME TAX LAW, MONEY DEPOSITED IN THE FORM OF A CERTIFICATE OF DEPOSIT AS ISSUED BY THIS BANK IS EXEMPT FROM THE PERSONAL PROPERTY TAX. THESE CERTIFICATES ARE PAYABLE ON DEMAND AND DRAW THREE PER CENT INTEREST IF LEFT SIX MONTHS.

## BIG PRICE IS PAID FOR CATFISH PEARL

Phillip Ullius of Town of Fulton Has Sold Valuable Gem to Milwaukee Firm for \$500.—Social and Personal.

[SPECIAL TO THE GAZETTE.]

Edgerton, July 28.—Phillip Ullius of Fulton returned yesterday from Milwaukee where he went the day before yesterday to dispose of the pearl which he took out of Catfish river last week. Mr. Ullius placed a value on the pearl of \$500 and the Cream City buyer accepted the offer on the spot. The pearl which weighed here was said to weigh fourteen grains but the Milwaukee man found it to weigh 15 1/2 grains. Our local jeweler placed a value of \$200 on the gem and another \$50.

## Club Entertains.

Last night on the lawn of the Methodist church parsonage the Jolly Seven club entertained the S. O. T. T. club. Both organizations are literary clubs and the program carried out, consisting principally of music was a credit to both organizations and highly enjoyed by all present. At the close of the program ice cream and other refreshments were served.

Birthday Surprises.

Miss Margaret, daughter of Mr. and Mrs. M. J. Cunningham, was tendered a surprise party Friday afternoon at the family home in the east part of the city, the occasion being her twelfth birthday. Guests to the number of twelve, all schoolmates, were present and spent a pleasant afternoon at games. At 5 o'clock an excellent repast appropriate to the event was served. The hostess was the recipient of appropriate gifts by all participants.

John A. Young of Broadhead, known as the "Pearl King," was an Edgerton visitor yesterday. Although well advanced in years Mr. Young continues to hold his own.

Ex-Mayor T. A. Ellingson has a new cottage under construction on the Josephson property on Rock river.

Mr. Ellingson recently purchased T. B. Earle's launch and the same will be removed to this river at once.

Antone Hanson of Stoughton appeared before Justice Noret yesterday on the charge of drunkenness and was given ten days in the county jail, being taken there by Marshal Dunn yesterday afternoon.

Church Announcements.

Services at the M. E. church Sunday morning and evening. The subject in the morning will be "The Gradual Change." In the evening union services will be held. Epworth League at 6:30 P. M.

Carlton Hotel.

Guests at the Carlton hotel Friday were: J. G. Borden, Milton; L. M. Dickert, L. M. Victoria, Madison; J. A. Young, Broadhead; F. O. Holt, Sun Prairie; A. R. Morton, Cambridge; W. H. Kinsbury, Milwaukee; R. H. Porter, Chicago; J. R. Kienan and wife, Genoa, Ill.; J. A. Jacobson, Fargo, N. D.; A. W. Hoder, L. L. Tanton, Kansas City.

A NEW CIGAR FACTORY.

Mr. J. J. Watkins has opened a cigar factory in the Corn Exchange block. The efforts of the new factory will be given to the producing of two very good brands of cigars. The Commercial Club, a local cigar, and The Prize Seal, a local cigar, are being made in all done by hand and a uniform quality will be maintained in the cigars at all times.

16 REPORTED DEAD IN WRECK.

Excursion and Passenger Trains In Crash Near Millinocket, Me.

Bangor, Me., July 29.—Fifteen persons are reported to have been killed in a head-on collision between a crowded excursion train on the Bangor and Aroostook railroad and a train from Van Buren to Bangor.

Thirty or forty persons are known to have been injured, and it is thought that several others are beneath the wreckage.

The collision occurred near Grindstone, seven miles south of Millinocket.

A special train was rushed from this city with surgeons and medical supplies and nurses.

The excursion train was bound for Kilders' Point on Penobscot bay, near Searsport for points in northern Maine. It was late, and is reported to have been making good speed when the crash came.

NO PEERS WILL BE CREATED.

Veto Bill Crises to Be Solved Without Procedure, is Prediction.

London, July 29.—A solution of the veto bill crisis without the creation of peers may be predicted with tolerable certainty. Premier Asquith had a final interview with King George, who goes with Queen Mary to Cowes for the week-end.

30 H. P.

# The Most Progressive Step in the History of the Industry Five-Passenger Touring Car \$900

**T**HE introduction of our new five-passenger fore-door touring car, Model 59, at \$900, is probably the greatest single manufacturing stride ever made in this or any other industry. It is an industrial leap directly due to the remarkable and economical progress of a giant institution.

To start with, this car is a real automobile—not a little, frail, cramped machine, but a good, big, roomy car that is ample for five passengers. And as a matter of fact it has more power than you will probably ever care to use. The motor is the famous Overland type—4 x 4½—and will develop greater power than any other of a similar bore and stroke. It has the fashionable fore-door body with door handles inside and with center control. And what is more it is built right—having the strength of cars that cost twice the price.

In every respect it is beautifully finished. The upholstery is of good leather stuffed with hair. All trimmings are of the finest materials available. This new model from every possible comparative standpoint is the greatest value for the money that has ever been placed on the market.

People are apt to wonder why other manufacturers cannot equal this value. It is for just this reason: All manufacturing progress is due to better and larger manufacturing facilities the most efficient methods of handling men, and the economical marketing of goods. As any business increases its production costs decrease. The larger a factory's output becomes, the better economical methods of manufacturing can be incorporated in the business.

Pins, locomotives, toothpicks or automobiles can all be made at less cost, when manufactured in great quantities than if made piecemeal. Materials—steel, leather, hair, rubber, etc.—can all be bought at rock bot-

tom prices if purchased in the greatest quantities. These are existing commercial facts. No man can dispute them.

The Overland plants are the greatest of their kind in the world. They employ more men, use more labor-saving automatic machinery and buy raw materials in greater quantities than other manufacturers. Their output is 20,000 cars a year. It costs about as much for the 5,000-car factory to sell its output as it does for the factory making 20,000 cars, consequently the cost of each car of the 20,000-car factory is one-fourth that of the 5,000-car factory and the man who buys an Overland pockets the difference.

The Willys-Overland Company has no fixed indebtedness or hands. It has no heavy interest rates to fear. The stock is all owned by its president—John N. Willys. He personally directs the entire organization.

The enormous facilities, the mechanical investment of millions, the great purchasing powers and efficient and economical selling organization, make it possible for the Overland Company to produce the remarkable value that we offer in our new five-passenger "30" touring car at \$900. We are positive that no other manufacturer today can produce this car and sell it at this price, except at financial loss.

Write for catalog A 27, describing this car. It will be worth your while. This year we have 9 body styles, including runabouts, roadsters, small and large touring cars, torpedoes and coupes. Horsepower runs from 25 to 45. Prices \$850 to \$2000.

The \$900 car is made in three body styles—five-passenger fore-door touring car, two-passenger torpedo roadster, three-passenger coupe.

## SPECIFICATIONS

### Model 59

Wheel base—105 inches.  
Tread—56 inches

Motor—4 inches by 4½ inches. Cylinders cast separately. L-head type, large sized valves, valve springs enclosed in aluminum housings, push rods lubricated, insuring a sweet running, silent, powerful motor.

Carburetor—Model L. Schebler. (The best Schebler makes)

Horsepower—30

Transmission—Selective three speeds and reverse, center control, F. & S. Annular Ball Bearings

Clutch—Cone

Ignition—Two independent systems, Splitdorf magnet and battery, one set of plugs

Brakes—Internal expanding, external contracting, on rear wheels

Springs—Semi-elliptic front, three-quarter elliptic rear, 1½ inch wide

Steering gear—Worm and segment adjustable, 16 inch wheel

Front axle—Drop forged I section

Rear axle—Semi-floating

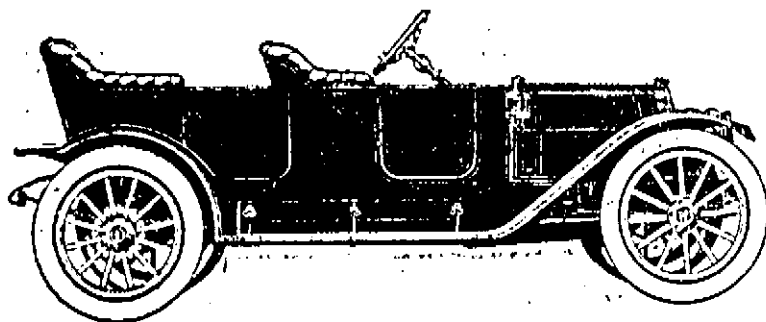

Wheels—Artillery wood, 12 spokes, wide hub flanges

Spokes—1½-inch spokes, bolt for each spoke

Tires—32-inch by 3½-inch

Quick Detachable tires—The most rational, quickest operated, longest-lived tires made

Frame—Pressed steel  
Mohair top and glass wind shield \$50 additional

## AUTOISTS READY FOR STOCK CHASSIS RACE

Eyes of the Motoring World Now Turned to the Elgin Road Races in August.

Janesville auto owners are much interested in the nearness of the famous stock chassis races that are to be held at the Elgin course August 25th and 26th. Many from this city attend these races each year and it is hoped that by another summer Janesville will be able to have races here at home, if the plans of the Park Association are carried out to make the present track suitable for such purposes.

While the Elgin races are still nearly a month away, seventeen entries are now in the hands of the officials, with many others on the way, and it is feared that the field may have to be limited to hold the members within bounds. All of the biggest makers are lining up with the entrants and the local race enthusiasts who are planning to attend from this city are certain of witnessing one of the fastest and most exciting road contests ever held in this country, out-travelling both the Vanderbilt and the Grand Prix.

This certainty has been strengthened following the inspection of the course last week by officials of the Chicago Motor club. Four cars were sent over the route at paces varying from 50 to 90 miles an hour and speed

predictions for the big race ranged from 65 to 70 miles per hour. All who inspected the course conceded that it was faster by several miles than last year.

But one short had stretch was found and that will be remedied at once. The rest of the course is like a bowl and the widening of the turns and straightaways and the cutting down of the grades has made a wonderfully fast speedway. More money has been put into the preparation of the course than was expected, \$1,000 being spent on the home stretch alone.

Within a couple of weeks the speed demons will be establishing their racing camps on the outskirts of Elgin and belated manufacturers are hastening to get in the lists.

Just now the Kane county event for the 231-300 class seems to have the preference, as already more cars have been nominated than can last year. To date, three Packards, three Stavers and two Coles are said to be in the list, while on route are the Corbin, Marmon, Crow, two Chas, three Volles and two Cobys. This will make one of the biggest fields ever gathered for a road race and it is quite certain that a lively scrap will ensue when these makes get together.

There is promise of a much closer field in the big event than was presented last year. Practically all of the big fellows who pushed the Lozier to such a speed in order to win will be back for another try at the honors, some of them reinforced and bringing other machines with them. So

far, the Lozier, three Alcos and two Nationals, three of the most successful racers, are in. Should these six cars alone make up the list there would not doubt be plenty of excitement, but they will probably have to contend also with a couple of Pope-Hartfords, driven by Eddie Hearne and Joe Matson, a Palmer and Shaker, a Knox, a Marmon, Simplex and several others. It is in consideration of such fast cars as these, too, that predictions are made of such fast time being made in the race.

For the Fox River trophy the Alcott-Detroit, Ford and Cameron teams will probably have a battle royal among themselves, with two or three other small cars to go in if the weight limit is changed to permit their entry.

Not alone in matter of cars is the event to be a brilliant one, but the roster of drivers likely to appear makes certain the belief that the battle will be hard fought and top speed maintained. The list includes such national and international stars as Harry Grant, winner of the Vanderbilt; Ralph Mulford, winner of the National last year; possibly David-Brown-Drown, winner of the Grand Prix; Joe Dawson, Harry Knight, Johnny Jenkins, Johnny Allen, Eddie Hearne, Ralph Merz, Joe Matson, Fred Delehor, Mortimer Roberts, George Schoenbeck, Billy Pierce, G. W. Gahway, A. W. Grainger, Kullick, every one of whom has from one to a dozen victories to his credit.

The Chicago Motor club has taken up the proposition of giving the road from Chicago to Elgin as that motor-club will have the best of running conditions to the course. This is only one of the many preparations being made for the convenience of motoring en-

thusiasts and these preparations are attracting a large number of tourists within several hundred miles of the race course until it is certain that attendance records for the country will be broken at the National this year.

## EXPECT BIG SALES OF NEW MODEL CARS

Improvements in 1912 Cars Will Increase Demand in Janesville As Well As in All Sections.

With a number of attractive features in the new model 1912 cars, in design, mechanical parts, and price, it is the prediction of local automobile dealers that the demand for the new cars will be most active. Announcements of the various firms explaining the new features of their cars have been received, and they are without exception most attractive.

As yet none of the new models have arrived with one or two exceptions, but they will be on the market during the latter part of August or the first part of September. Selling campaigns have already been started in a general way, although nothing of a definite character has been done locally as yet.

There has been a noticeable effort made on the part of the firms to produce in their new models, attractive cars at the lowest possible prices. From the fact that it is now possible to secure a reliable machine at a fairly low price, comes the general prediction for good sales this fall and next spring. Already inquiries have been coming in regarding the new

models, both by telephone and by letter, as well as by word of mouth. Everyone seems anxious to learn when the new models will be in, in order to have the earliest possible chance at looking over the cars. This general interest is taken, also, as an indication of a large number of future sales.

It is now the plan of the automobile firms to get out their models early in order to make the fall season in the summer as short as possible. By placing their cars on the market by the middle of August, the fall following the spring sale season is turned into activity.

A 1912 model 40 horsepower Marmon roadster has been received at one of the local garages.

George W. Brown, state agent for the Overland, is in Milwaukee and is expected in Janesville early in the week to report on the new models of the Overland and determine the number to be handled here.

A new model Stoddard-Dayton has been received at the Reed-Gage garage.

A Mixed Metaphor.  
"When Jack spread his motor car and ran it against a telegraph pole it turned turtle."  
"Then I suppose that cooked his goose."

## The Reo Is "All There"

Whatever test you apply to the Reo you'll find it "all there." It has all the qualities you want in a motor car.

**HILL CLIMBING**—You want a car that will take grades without much let-up of speed, and the best test of that is mountain climbing.

The Reo (the same car, by the way, that went from New York to San Francisco in 10 1/2 days) climbed to the top of Mt. Hamilton in California—a distance of 24 1/2 miles in 65 minutes, beating the former world's record by 10 minutes.

**RACING**—You may not want to go over sandy roads at 52 miles an hour; but you do want a car with the power and ability that this speed implies.

On October 15, 1910, the Reo raced over a very sandy 50-mile road with a higher priced car well known for its racing record and beat it by more than 10 miles. Reo time, 57 minutes 43 seconds.

**ENDURANCE AND RELIABILITY**—You don't want to turn your pleasure jaunts into tests of endurance; but you want proof that your car will stand more strain than you will ever put it to.

In the New York to Atlanta run of 1910, the Reo finished in perfect condition and challenged every other car, regardless of price, to a technical examination. There were no "takers."

In August, 1910, the Reo went from New York to San Francisco in 10 days, 15 hours and 30 minutes, without a wrench being touched to its engine.

**COMFORT**—Apply that test yourself. Let us take you out for a spin in a Reo over any kind of road you may choose around here.

Reo fore-door model including windshield at \$1300. Phone 105 or drop a card to

Don't forget the place if we are busy

## K-R-I-T

Examine this illustration, these specifications. Any one who knows even a little bit about motor cars will appreciate what these mean to 1912 motor car buyers. Here is no high sounding literature, no wordy praise, no extended "upkeep talk," but just plain, hard facts and figures—details, features and prices that surpass all others, that open up to you the substantial opportunity to spend the season in a magnificent "K-R-I-T" that you can purchase at a price less than you could reasonably expect to get, knowing just what average motor car values are, outside of the magazines and newspapers.

This car is equipped with 3 oil lamps, 2 gas lamps, generator, horn, tool kit, jack, pump and tire repair outfit, genuine silk mohair top, with side curtains, windshield and 5 demountable rims. \$900. Remember, fully equipped.

### Specifications of Touring Car

**MOTOR**—Four cylinder, 22 1/2 H. P. A. L. A. M. rating, will develop 27 H. P. on brake test. 3 3/4 inch bore by 4 inch stroke. Crank shaft rests on two silent annular ball bearings supported in crank shaft. The Krit is the only low-priced car having a ball-bearing motor.

**TRANSMISSION**—Three forward speeds and one reverse, selective type, sliding gear supported on annular ball bearings. Gears are practically noiseless in operation. Large hand hole cover in top of case permits quick and easy inspection of gears.

**CLUTCH**—Floating type multiple disc, running constantly in bath of lubricant. Self-adjusting. Operated by foot pedal.

**REAR AXLE**—Semi-floating type. Ball and roller bearing. Gears adjustable for wear. The rear axle on the Krit is strong enough to support any car.

**FRONT AXLE**—One piece drop forged I beam. Vanadium steel, giving uniform strength throughout. Spindles are drop forged from Vanadium steel.

**BRAKES**—External contracting and internal expanding on rear wheel drums. Drums 10 inches in diameter, 2 inches wide.

**SPRINGS**—Vanadium steel, front semi-elliptic; rear, full scroll elliptic.

**STEERING MECHANISM**—Worm and Sector type. Ball-bearing thrust, adjustable for wear. 16 in. Circelessian walnut hand wheel. Wheel carries notched quadrant for carburetor control lever.

**CARBURETOR**—Stromberg float feed type. Used wherever "results" and not "price" is the factor. Stromberg Carburetors are expensive, but worth it.

**IGNITION**—Bosch high tension magneto. Contact points on plugs are constantly swept by fresh gas, keeping them clean and free from corrosion.

**WHEEL BASE**—106 inch. Tires 32x3 1/2 inch front and rear. Illustrated catalog with specifications upon request, showing all models.

A demonstration will lift your enthusiasm to the over-bubbling point.

## With Any Number of Speeds

The ease with which a Cartecar can be driven—even in the most crowded sections, or on the steepest hillsides—greatly astonishes old automobilists who sit for the first time at the steer wheel of a

In driving a Cartecar it is hardly necessary to remove the hands from the steering wheel in controlling the car. Its flexibility is not found in any other automobile.

Private owners, ladies and quite young boys experience no difficulty in driving the Cartecar because of its simplicity of operation and quick response to the driver's wishes.

The disc transmission as employed in the Cartecar is the most simple form of automobile construction in common use.

The chain-and-oil drive protects the chain from dust, dirt, mud and flying pebbles. It delivers a greater percentage of power than any other form of transmission and drive.

In the Cartecar there is no clutch to slip—no gears to strip—no grease packing to remove—no universal joints to wear—no shaft drives to twist—no bevel gears to howl—no noise—no trouble, and only one control lever.

The Cartecar will climb a 50% grade with a full load of passengers. It will go through mud and sand which stall other automobiles.

We have models for every owner, from the man who wishes a small private runabout to the one who desires a magnificent touring car.

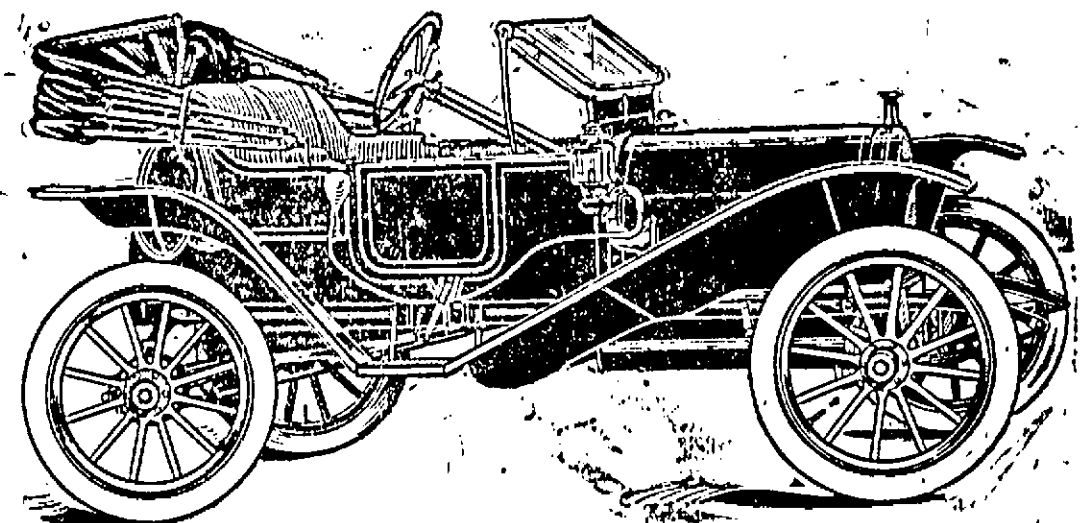

We have also a complete line of light delivery trucks, call and let us give you a demonstration in one of these quiet, smooth-running automobiles, or write for literature.

## For 1912--Complete Equipment Included

**Runabout Fully Equipped**

Topedo, \$850 with same standard equipment as runabout.

Equipment includes top, windshield, gas lamps and generator, three oil lamps, tools and horn. 20 H. P. 4 cylinder motor; sliding gear transmission; Bosch magneto.

**\$750**

Coupe, \$1100, with equipment of electric headlights, combination oil and electric dash and tail lamp, folding seat on dash front, shock absorbers, 31x3 1/2 inch rear tires, tools and horn.

A car which possesses, in common with the costliest cars of largest size, that smartness and perfection of form which, in a man, denotes good breeding.

A car which avoids the scant proportions which so often characterize cars of medium carrying capacity.

A car which seats its occupants with more luxury and ease and "leg room" than any other of its type and class—and which speeds smoothly away at the touch of one lever and two pedals.

A car which appeals alike to the masculine and feminine members of the family because it so completely satisfies the practical demands of the one and the artistic tastes of the other.

The Hupmobile for 1912 is gold completely equipped.

Thus, \$750 buys a runabout fitted with doors, top, windshield, gas lamps and generator, oil lamps for the dash and rear, a complete set of tools and horn; \$900 includes similar equipment on the Touring Car.

In addition, we have incorporated improvements which represent \$100 more in material alone than in preceding models.

**HUPMOBILE**

**Guaranteed For Life**

From the first Hupmobile presented excess value, which you can readily see is greatly increased in the 1912 cars by reason of the added equipment and improvements.

Get in touch with the local dealer, who will be glad to demonstrate the Hupmobile for you and your family.

proved carburetor that will not leak and is easily and accurately adjusted; four instead of two pinions on the differential.

## GRAND RAPIDS MEET IS CLOSED

Hedgewood Boy Paces Fastest Heat, 2:02 3/4, of the Season.

Grand Rapids, Mich., July 29.—With seven pounds of lead on his back Hedgewood boy, by stepping handsomely in 2:02 3/4, in his first mile, the best performance of the year, and one second slower in the next, won the grand river weight handicap, free-for-all pace, the feature of the final day of the Grand Rapids first grand circuit meet. The race brought out the fastest sidewheelers traveling the circuit.

## Summaries:

2:05 pace, purse \$1,000—Walter W. won, Klug Cole second, Major Brine third. Best time, 2:04 1/4.

2:11 trot, purse \$1,000—Charlie Mitchell won, Johnny G. second, Dorothy Hansboro third. Best time, 2:08 1/4.

Free-for-all pace, the Grand River weight handicap, \$500 added—Hedgewood boy won, Lady Maud second, Evelyn W. third; Earl Jr. and Ess H. Kay also started. Best time, 2:02 3/4.

2:16 trot, purse \$1,000—High Admiral won, Sue D. second, Douglas McGregor third. Best time, 2:07 3/4.

## DEATH CALLS E. M. SHEPARD

Political Leader of New York City Succumbs After Long Illness.

Lake George, N. Y., July 29.—Edward M. Shepard, the noted attorney and Independent Democratic leader, died last evening after an illness of several weeks.

Mr. Shepard was born in New York city July 23, 1850.

As a special deputy attorney-general, Mr. Shepard sent John Y. McKane and twenty of his followers to jail for ballot frauds.

Mr. Shepard was also an author, having written a life of Martin Van Buren. He was a director of the college of the City of New York and a member of many clubs of the city.

## CHOLERA PATIENTS DOING WELL.

No New Cases Occur at New York Quarantine Station.

New York, July 29.—All the cholera patients are doing well and no new cases or deaths were reported at the quarantine station. There seems to be little possibility that cholera will again find a foothold here, according to the health officials.

The steamers Berlin, Oceanic and Verona are still held in quarantine. Bacteriological examinations of the passengers continue, but those that are completed show negative results.

## Start at the Foundation.

The only real way to take care of "No. 1" is to see that "No. 1" is a good man.

## Youthful Philosophy.

A small boy declared his intention of being "extra good" next winter.

"Tain't no use to try in the summer, 'cause mother will tell me not to go bathing or fishing, an' a feller's got to do somethin' for power away the time."

**YOU,--You Who**  
**haven't a**  
**ROCK CO. TELEPHONE**  
**Aren't Fair to Yourself.**

**YOU** often make trips down town that are unnecessary. You guess at things or depend upon what you hear as being correct. You trust to luck that you and your family won't need the doctor in a hurry. If you haven't a Rock County Telephone by all means get one and keep in touch with things--vital things. When you have installed a Rock County Telephone you are in instant reach of every one of our 2240 subscribers. You are relieved of worry; you know that always the telephone is within easy distance, in case of emergency. Most everyone has the Rock County phone; steadily the lines are being extended to every home in Rock Co.

## Telephoning to the Country

The City and Country are bound together by the telephone line.

The farmer and his family use the rural telephone constantly, calling up each other and surrounding towns on all sorts of matters and for all sorts of supplies and information.

City people also find the rural telephone of great advantage. They can talk with the farm folks miles away. Without the Rock Co. telephone they could not reach them. There was a time, not many years back, when it was impossible to get in telephonic communication with farmers anywhere in Rock County. No farmer had a telephone. The Bell rate was \$5.00 per month which was prohibitive and no farmer could afford a telephone. The Rock County Telephone Co. are responsible for bringing about the reversing of conditions in this field and giving the farmer a phone for \$1.50 per month. If it wasn't for the Rock County Telephone Co. things would go back to their old standard again. Get the idea?

## The Use of the Toll Lines Should Be Cultivated

You can call Smith at Edgerton, Clinton or any other toll point, get your word to him and his answer and close up the matter instantly at a trifling cost of 10c, excepting Broad and Beloit, the rate being 15c for 3 minutes and Monroe 20c for 3 minutes. You can talk to Footville, Evansville, Edgerton, Clinton, Milton, Milton Jet., Orfordville, at 10c for 3 minutes. It's worth several times that cost in most cases to be able to get quick, satisfactory instant action. The growth of the toll business of the Rock County system is in keeping with the constant increase in the list of subscribers; the public like to be able to call long distance from their own homes and appreciate the favorable way which the lower rates and longer talk period operates for them. You can talk 1-3 longer over the Rock County lines and save 1-3 the price.

## TROUBLE WITH THE 0's

Indistinct or erroneous giving of numbers is the cause of much annoyance to telephone subscribers and waste of time to all concerned.

Ciphers are a frequent cause of trouble. If you are calling Blue 600, don't say 6-two 0's, but 6 double 0. You can see that 6-two 0's can be easily confused with 6-2-0.

Inasmuch as the operators are carefully trained to repeat numbers in the manner best adapted to avoid confusion, it is a good rule for the public to follow their example.

You can have a Rock County Telephone in your house for \$1.00 per month.

# THEATER

## GOOD ATTRACTIONS BOOKED AT MYERS

Partial List of Some of the High Class  
Plays, Dramas and Comic Operas  
at Myers Theatre This Season.

Manager Peter L. Myers has been successful in booking a large number of high class attractions at the Myers theatre for the season 1911-1912. The entire list of the attractions for Jacksonville are not as yet complete but from those which have already been booked it is evident that there will be a large number of treats for Jacksonville theatre-goers.

Affairs in the theatrical situation are becoming more settled so that managers throughout the country are able to make their bookings with some degree of certainty. The outlook was never better, according to Manager Myers, for a season of high class shows.

The Jacksonville theatre season will open September 4th, Labor Day, with the "Servant in the House." The power and popularity of this great drama which has been one of the best recent metropolitan successes, has not been exceeded and it will be enthusiastically greeted by Jacksonville people.

Other attractions which have been secured will include: "Traveling Salesman," "The Aviator," "Checkers," "Merry Mary," "Mary Jane's Pa," "The Chorus Lady," Lyman How's "Travel Festival," "Excuse Me," the popular opera, "The Chocolate Soldier," "Over Night," "The Gamblers," and "The Cow and the Moon."

Richard Carle will appear in a new opera, and George Sidney will appear in the metropolitan success, "Razzy Razzy." Low Duckinder, who made his initial appearance to Jacksonville people last season, will be here again with his famous minstrels. Miss Grace George will have the leading role in a new play which will be presented here. Wilton Luckie is also scheduled to appear here in his latest success. Others are "The Portano Hunter," "Gus Rich," "Waiting Lord," "The Spring Maid," "Madame Sherry," and the Lyman Twins. Some of these will be produced among the musical attractions.

## OPENING ATTRACTION AT MYERS THEATRE.

"The Servant in the House," An unusual fact in the case of the great Charles Rann Kennedy play, "The Servant in the House," which comes to the Myers Theatre Monday, Sept. 4, Labor Day, matinee and evening, is that it has met with even greater success on this, the second tour, than on the first. This is indeed unusual as regard drama. It is an excellent proof that the public wants serious plays and those with a definite purpose.

Comedies, farces and the so-called "musical" attractions live their little lives and "die" on the stage. The American people it is quite plain to be seen want drama with something more to it than merely an evening's entertainment or a few hours' diversion.

"The Servant in the House" which has caused more intelligent discussion than any play produced in the last century, has lowered all records in the matter of being seen by a greater number of people in a certain given time. Since this play was produced a little more than two years ago, it has been seen by more than a million and a half of people.

Previous to the production of "The Servant in the House" the record was held by "The Lion and the Mouse." The great Klein drama was continued in New York for practically three entire seasons. At one time four companies were presenting "The Lion and the Mouse" on tour. However, the theme of the Klein play was distinctly American. It failed in London because it was "second" the

An Optimist.  
Lyman John Appleton always looks on the bright side. He is the kind of man who could look at a preacher's kin, and find pleasure in bringing that when the kin preaches they have to put chairs in the aisle.—Atchison Globe.

Unreasonable.  
"It takes so much smartness and energy to find out do exactly truth about anything," said Uncle Eben, "that you can't expect a man who wants to talk all do time to tell you the truth."

## Chiropractic Overcomes Prejudice Every Day!

### Don't Stand in Your Own Light

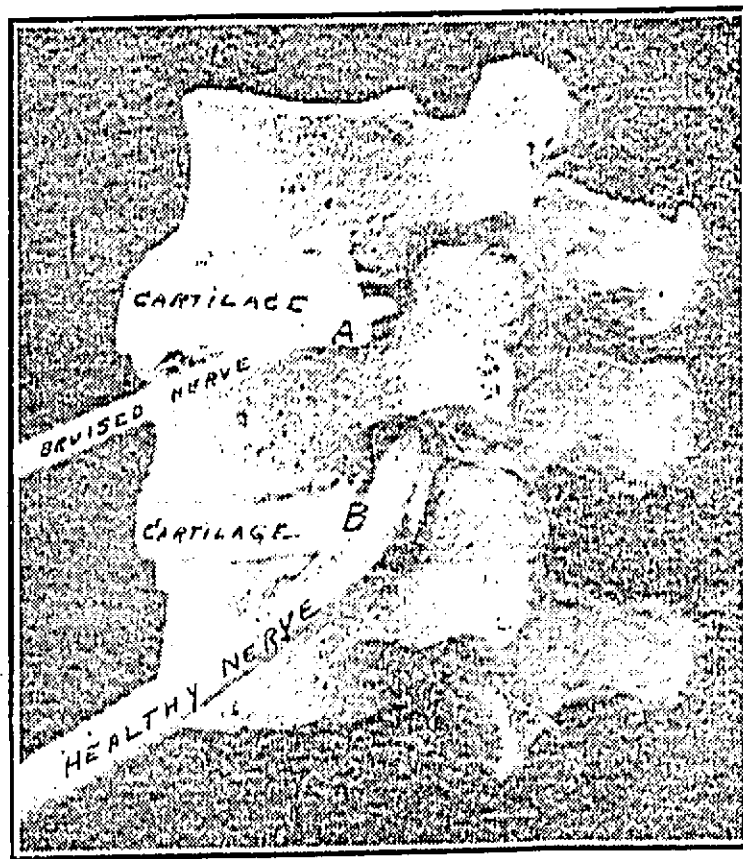

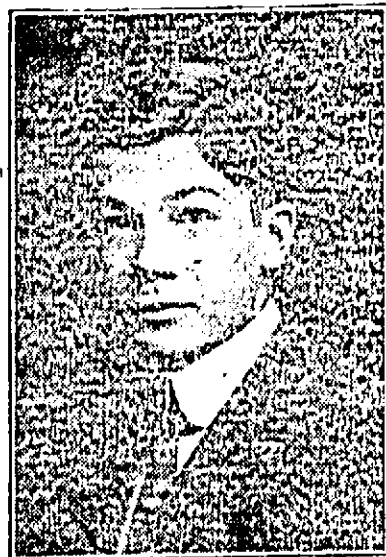

Don't let an unreasonable prejudice stand in the way of your getting well again! There is no need of your suffering longer! If you be made well again lay aside all prejudice, stand on your own feet, make up your mind that you'll endeavor to assist Nature by coming to the Chiropractors. Every intelligent man and woman should be open to conviction.

Hundreds in Janesville and Rock County who have come to us are well and happy again. They have listened to reason and common sense. If you are antagonistic to begin with, it will avail you nothing if you come to us for free consultation, but if you are open to argument, if you are not prejudiced it will take but a few minutes to explain to you the reasonableness of our methods. Come and talk over your case with us.

**Every day of every month the number of people who come to the Chiropractors increases.**

Every week hundreds of people tell their friends what Chiropractic has done for them. If you are sick and ailing come to us and let us explain Chiropractic to you. It is a known fact that 98% of those sufferers who take Chiropractic adjustments get well, and also those who go to the Chiropractors have most all failed to get relief from doctors, surgeons, etc.

There is hardly a disease known to mankind that nature will not remove after taking Chiropractic adjustments. It is not necessary to fill yourself with drugs and poisons or dope to be made well. Nature will throw off the disease in the same way that you acquired it, if you will take Chiropractic adjustments. Nature removes the disease when we remove the cause of the disease by Chiropractic Adjustments. NOTE THE ACCOMPANYING ILLUSTRATION.

To illustrate more clearly the manner in which the nerves pass through the vertebrae (spinal bones) you will notice the subluxation of the two upper bones, pinching and bruising the nerve, shutting off the proper nourishment of the organs of the body affected. Chiropractic Adjustments separate these bones and permit full energy to pass through the nerve, restoring to normal condition as shown by the Healthy Nerve in illustration. Any spine in the condition shown in this upper half of illustration will cause disease to the body—Adjustments should be taken at once.

## TESTIMONIALS:

TO WHOM IT MAY CONCERN:

"I am 50 years of age and for the past twelve years have been a constant sufferer from Nervousness, Constipation, and Stomach Trouble.

During the time of my illness I have treated with a great number of prominent physicians, have dosed with drugs, patent medicines, etc. From time to time I would get a little temporary relief but every experience made me feel less and less hopeful of ever getting my health back. In the early part of last spring I was for seven weeks laid up and unable to work. I had read and heard from others of the work that the Chiropractors were doing but was skeptical about their claims being fulfilled. As a last resort I concluded to give them a trial. The result of that decision has been what I have so long sought, HEALTH. In less than a week after I submitted to the Chiropractic adjustments I was able to work and in three weeks' time was enjoying better health than for 12 years. I cannot too strongly recommend the Chiropractors and the wonderful curative value of the Chiropractic Science."

P. W. BERRY,  
1262 Porter Ave.

TO WHOM IT MAY CONCERN: "I suffered for thirteen years, suffered as only woman can appreciate and one year ago my physician after calling in another physician for consultation, told me that the only way to save my life was by an operation. I felt that I would rather die than submit to an operation, and hearing of the success which Puddicombe & Puddicombe were having in Chiropractic adjustments was prevailed on to let them handle my case. Though doubtful at first I must now say that they have brought about a perfectly normal condition thus allowing Nature to bring back my health, and I would advise any woman who suffers as I did to come in time in calling on the Chiropractors and becoming well, as I do believe that this science is the most wonderful ever known. I will cheerfully answer any letter from suffering women who write me and enclose stamp." Mrs. L. S. Rose, R. R. No. 7, Rockford, Ill.

## CONSTRUCTION WORK IN THE CANAL ZONE

OBSTACLES THAT DISCOURAGED  
FRENCH COMPANY ARE BE-  
ING OVERCOME BY THE  
AMERICAN EN-  
GINEERS.

## RAPID PROGRESS MADE

More Than Half of the Concrete Laid  
and Employees Making Plans  
for Settlement There  
When Canal is Com-  
pleted.

Recent developments along the line of the Panama canal seem to show that the place where the French company received their final blow will likewise prove the source of greatest trouble to the American engineers. This was not anticipated at first, especially when the plans for a lock canal were adopted. Most of the people in the states expected that the

In the face of these threatening dangers the engineers have been making experiments in the hope of finding some means of preventing these slides. At the present time they are using a cement gun by which cement is being forced against the sides of the cut so that when it hardens it will prevent the disintegration of the rock and help to keep the foundation secure. This "gun" is a compressed air apparatus for forcing cement and sand from a tank through a nozzle at the mouth of which water is mixed with the materials forming a concrete which is cast upon the surface to be coated with such force as to become part of the rock itself. This plan was resorted to after the chief geologist of the United States Geological Survey had investigated conditions there and recommended that some plan of this sort be tried to prevent disintegration of the rocks on the sides of the cut.

At the same time experts from the Smithsonian Institute have been employed to experiment with special kinds of grass to prevent slides by planting the seed along the sides of the cut. If a sod can be formed in this way it is hoped that the slides will not continue and the results of

## A HEALTHY, HAPPY OLD AGE

May be promoted by those who gently cleanse the system, now and then, when in need of a laxative remedy, by taking a desertspoonful of the ever refreshing, wholesome and truly beneficial Syrup of Figs and Elixir of Senna, which is the only family laxative generally approved by the most eminent physicians, because it acts in a natural, strengthening way and warms and tones up the internal organs without weakening them. It is equally beneficial for the very young and the middle aged, as it is always efficient and free from all harmful ingredients. To get its beneficial effects it is always necessary to buy the genuine, bearing the name of the Company—California Fig Syrup Co.—plainly printed on the front of every package.

Most recent picture of Panama Canal showing the present work that is being done. Top panel shows the famous Culebra Cut, as seen from the north. It was originally intended to make this immense ditch but 300

feet wide at the top. In view of the frequent landslides, however, it is now thought that this excavation will have to be doubled in width.

At lower left, birdseye view of the guide wall of the Pedro Miguel locks. The canal in the future will not be so troublesome after the canal will be completed.

That the canal will be completed, of course, was no reasonable cause for doubt. Any one who has witnessed the progress that has been made in the Canal Zone during the last five years would not doubt for a moment that the American people could or would turn back now after having carried the work so far. In fact, the employees on the Zone are so confident of the ultimate results of this country's undertaking that they are buying farms along the west coast of the Isthmus and are preparing to make that section their homes when the work of digging the "Big Ditch" will not require their attention any longer.

This confidence on the part of the employees on the Zone is due largely to the determination with which the work of construction has been conducted throughout the length of the canal. While the excavation department has been experiencing several severe trials in the region of the Culebra cut, their energy is relaxed not a particle and the work in other departments went on with the usual regularity.

In the construction of the locks at Gatun, Miraflores and Pedro Miguel nothing has interfered to retard the progress. At the close of the work on the first of this month about 56 per cent of the concrete for all the locks was in place. The total amount required is approximately 4,284,400 cubic yards and the total amount laid on July 1, was 2,390,192 cubic yards.

At this rate of construction since the middle of August two years ago it is easy to see that the locks will not be responsible for any delays that might postpone the opening of the canal in 1915 as was anticipated by many. In fact there is little reason for expecting that there will be any such delay. The force in the employ of the government is adequate and qualified to push forward the work. The eyes of the whole world are centered on that spot where France met defeat as the result of unprincipled officials, and the American people cannot afford to turn back and admit defeat. And the hearts of the American people are in the work and this, more than anything else, makes the opening of the Panama canal in 1915 beyond the region of doubt.

According to the reports of the engineers these slides are due to the fact that the layer of soil is very thin and rests upon smooth rock ledges. To increase the trouble that such conditions would bring about this rock is very soft, being a sort of indurated clay that disintegrates rapidly when exposed to the air.

As work on the north side of the cut progressed and the cut was deepened still further trouble was met. At the right side of the cut and far up the hillside from within only a few yards of the side of the canal and reaching to the summit the city of Culebra was built, where several hundred laborers and a few hundred Americans were housed. During the last two years it has become necessary to remove most of the houses to safer ground as the whole side of the hill was gradually slipping into the canal.

looking south. This picture with the lock at Gatun. The trestle across the water at the right, gives an idea of the the lock in the foreground will be one of the most difficult which used in connection with the creation of the American engineers have to con- of the gates for the lock.

In center, Col. Goethals, chief engineer.

At right, upper Chamber of the eastern lock in charge of the construction.

next Sunday at Greer's Park, south of town. All kinds of amusements will be had, and music will be given by the Imperial band.

## NOTES FOR CITY FARMERS ONLY.

(By H. L. RANN.)

An agricultural exchange says that the foot and mouth disease is getting busy again. This disease is as ancient as Bryan's (Bellevue Lockwood's) hope of being elected president.

From the time the noble Brutus ran several inches of Roman sword into the virtuous Caesar's back, it has been a greater menace to society than the protruding hat-pin. It is especially prevalent in towns where the milk cow is the sole source of food.

Thurlo Bullock has been to St. Paul where he attended the funeral of a relative.

Dr. F. L. Colony and family were Janesville visitors yesterday.

Mrs. J. P. Porter and daughter, Eleanor will spend the week end at the home of Joseph Porter in Cooksville.

Miss Sadie Ames of Brooklyn, is spending the week with her sister, Miss Marian Ames.

The society editor of a leading farm paper puts forth some queer ideas of table etiquette in the last issue of his publication. He says, for instance, that it is no longer considered good form to feed a slash of cream pie into one's face with a knife or pick one's teeth with a fork between courses. The writer has evidently been attending some of the functions of the swell society of Chicago, where a man who lifts the contents of a soup plate into his throat at an angle of forty-five degrees is called an eccentric genius. The table manners of some of the elite of our social centers would bring the blush of shame to the face of a Rotterdam.

Other News.

New Glarus July 28.—Yesterday morning, at 7:20 occurred the wedding of Miss Kate Kimple to Eugene Strickler at the parsonage of the Swiss Reformed church. Rev. Ruth officiating. The bride and groom were attended by Miss Rosa Euler and Virginia Voelgel and Messrs. Fred Durst and Henry Durst.

After the ceremony they left on the morning train for a wedding trip to Milwaukee and Chicago.

Curry-Klessey.

Last Tuesday morning occurred the

and a slimy tongue which can scatter more poison than a fly powder syringe. This disease is not confined to the male gender. Tattling women, running from door to door with trailing webs of slander, can infect a whole community with it and set more people by the ears than a mule petition.

If you coop up your calves in a dark pen you needn't be surprised if they come out so neurotic that they can't tell the south side of their mother from a brain wash. Many a calf has gone through life with bulging eyeballs and a side-delivery blink because of this inhuman practice. We never saw a calf that had any edge on the late D. Webster in point of brain power, but she makes up for it by a ladylike demeanor which entitles her to respect.

## HANDS WOULD CRACK OPEN AND BLEED

Blisters Formed, Skin Scaled Off, and Flesh Burned and Itched Dreadfully. Healed by Less Than One Cake of Cuticura Soap and One Box of Cuticura Ointment.

"About two months ago my hands started to crack open and bleed, the skin would scale off, and the good flesh would burn and itch dreadfully. When my hands first started to get sore, they were as good as blisters like water blisters which formed. They itched dreadfully, it just seemed as though I could tear the skin all off. I could not scratch them and the skin would peel off, and the flesh would be all red and crack open and bleed. It worried me more than my skin. I had to give up my employment."

"I consulted my doctor, and he said he didn't think it would amount to anything. But it kept getting worse. One day I saw a piece in one of the papers about a lady who had the same trouble with her hands. She had used Cuticura Soap and Ointment and was cured. I decided to try them, and my hands were all healed before I had used one cake of Cuticura Soap and one box of Cuticura Ointment. I am truly thankful for the good results from the Cuticura Soap and Ointment, for thanks to them I was cured, and did not have to leave a day from work. I have had no return of the skin trouble." (Signed) Mrs. Mary E. Brele, 2522 Brown Street, Philadelphia, Pa., Jan. 12, 1911.

Cuticura Soap and Ointment are for sale everywhere, but those who wish to treat their hands without charge may do so by sending to Potter Drug & Chem. Corp., Dept. 44, Boston, for a liberal sample of each, post-free, together with 32-p. book on the skin and scalp.

very much, as I had never had anything like the matter with my skin. I was glad to find the way to give up my employment."

## What "Protected by Electric Block Signals" Means

Union Pacific track is divided into sections from one to three miles long, called "blocks."

When a train enters a block the guardian semaphore signals stop to all following trains until the block is passed. The train itself sets the signals.

You are guarded by sentinels whose authority is absolute. To disobey an electric block signal means instant dismissal.

# WOMAN'S PAGE

## The Evening Chit-Chat

by RUTH CAMERON.

I'M UTTERLY discouraged. I've tried so hard to please him and I know he isn't satisfied."

So a young business woman bewailed to me the other day. "Why so?" I asked. "No," she said slowly after a moment of brooding retrospection. "I don't know that he has. But I don't believe he has said a word of praise for weeks. And I've tried so hard to do everything just as he wants it."

And then I quoted to her, and now take occasion to pass on to you—you, meaning all her brothers and sisters who feel discouraged because someone hasn't said a word of praise for ever so long in spite of their painstaking efforts to please—something which my first employer once said to me under similar circumstances.

"Oh, I am so glad you told me that. You haven't said you liked any of my work for weeks and weeks and I was expecting to be discharged almost any day."

"Miss Cameron," said this editor, "let me tell you something that will be good for you to keep in mind all your life. YOU CAN BE PRACTICALLY SURE THAT IF THE MAN YOU ARE WORKING FOR DOESN'T DO ANY KICKING, HE'S PRETTY NEAR SATISFIED. SILENCE WITH MOST EMPLOYERS MEANS CONTENT."

I can't tell you how much worry killer I've squeezed out of that sentence since.

And I pass it on to you because the whole experience of my life has proven it true.

You think even if it is true it isn't a proper state of affairs?

You think your employer ought to remember to praise as freely as he blames?

Quite so.

And yet, is he different from the rest of us human beings, who take our blessings in negligent silence, but remember to kick most vociferously about our troubles?

You see your successful, satisfactory work is his blessing. Your mistakes and failures are his crosses.

His very silence is a sort of tribute to the habit you have gotten him into of expecting good work from you.

Of course there are some employers—as there are some men and women—who take as much note of their blessings as of their crosses.

Unfortunately these are the exception.

So cheer up, little business woman and all your brothers and sisters in discouragement. If you are doing your best work, you haven't any reason to worry over lack of praise.

Just take it from me that with most employers, "silence means content" and "no comment is good comment."

### HEALTH and BEAUTY

## Mother Nature

Make your face a beautiful one because it reflects the beauty of a harmonious, well-poised mind, and such insignificant things as an ill-shaped nose or a large mouth will detract in the slightest measure from the real beauty of your countenance. Mental poise can be yours with a little daily effort and it is worth working for. It means happiness and health and beauty. Happiness for the home and the family and the friends as well as health and beauty for yourself.

Copyright, 1911, JESSIE LUDWIG SOLTAN.

ANSWERS TO QUESTIONS

**MARIAN M.** I cannot approve of constant hair shampooing. Nor tell you honestly that you can expect any beneficial results from it. I know there is a great deal said about the shampooing of the hair, but the shampooing of the hair prevents the natural oil of the scalp from escaping, but that sounds very unscientific. You should wash your hair with a good shampoo, and then use a good oil of the scalp portion, and the oil of the hair is like any other natural thing—just secreted off. I really have a pair of sharp claws to be sure, but if you want to keep your hair in good condition.

**J. A. O.** Gentle massage of the scalp will prove the best for your needs, with the regular use of a good hair tonic for external use at least. The manipulation with the finger tips, moving the scalp in small circles with the fingers, present quite firmly, will increase the circulation of the blood and will also relieve the nervous tension you complain of. Do not make the mistake of being too vigorous in your treatment. I would be glad to suggest the best tonic for you and there is no reason why you should not see a growth of hair on that partly bald crown and within a reasonable time.

**BLUE EYES.** There is a special tonic for blue eyes which I always recommend and as it improves the growth of the hair as well as reducing the excessive oiliness it is well worth trying. You can smooth out the wrinkles of your forehead by the use of massage cream and wrinkle plasters. I cannot tell you what to use for your eyebrows and lashes unless you tell me more about your needs in that particular, and in regard to the freckles, the continued use of a good bleach is the only way you can remove them and keep them away, and also by protecting the skin with the coating of cream and powder to prevent the sun and wind from coaxing the freckles out on your cheeks and nose. Freckles are among the most persistent of our complexion ills and need continual watchfulness on our part.

**ELVIRA.** No application of creams or lotions will cure the dryness of your skin unless you add the treatment by getting your system in a more active and healthful state. You need out of door exercise, and plenty of cool water between meals. The massage cream you ask about is one that the skin really absorbs, and it feeds the tissues and fills up the lines very quickly. You are welcome to the address where you can procure the cream.

better advantage than this "King of Fruits."

Apple sauce has for years been the "standby" of most families, and its popularity has not lessened a whit.

Baked apples may be varied and raised to the dignity of a dainty dessert. Core sound apples, but do not pare them. Fill the cavity with sugar and chopped nuts, preferably pecans, English walnuts, or butternuts, and bake in a moderate oven until tender.

Serve either hot or cold with whipped cream. For variety, the centers may be filled with chopped preserved ginger. Place them in a baking dish, pour over them a syrup of sugar and water flavored with orange juice, and

And yet, is he different from the rest of us human beings, who take our blessings in negligent silence, but remember to kick most vociferously about our troubles?

You see your successful, satisfactory work is his blessing. Your mistakes and failures are his crosses.

His very silence is a sort of tribute to the habit you have gotten him into of expecting good work from you.

Of course there are some employers—as there are some men and women—who take as much note of their blessings as of their crosses.

Unfortunately these are the exception.

So cheer up, little business woman and all your brothers and sisters in discouragement. If you are doing your best work, you haven't any reason to worry over lack of praise.

Just take it from me that with most employers, "silence means content" and "no comment is good comment."

And I pass it on to you because the whole experience of my life has proven it true.

You think even if it is true it isn't a proper state of affairs?

You think your employer ought to remember to praise as freely as he blames?

Quite so.

And yet, is he different from the rest of us human beings, who take our blessings in negligent silence, but remember to kick most vociferously about our troubles?

You see your successful, satisfactory work is his blessing. Your mistakes and failures are his crosses.

His very silence is a sort of tribute to the habit you have gotten him into of expecting good work from you.

Of course there are some employers—as there are some men and women—who take as much note of their blessings as of their crosses.

...ion falters on its wings. but  
...aspiration to serve, to help, to  
...to cheer, to love never dies  
...and,  
You may measure any man's rea-  
son by the extent to which it acts  
a constant motive in his life,  
whether it gives him a vision of the  
that awakens an enthusiasm for  
ing, of a world that is worth liv-  
ing in and dying for and a race that  
such promise in itself as to call  
the investment of all that is  
worthy in us.

Victoria Fond of Jewelry.  
Queen Victoria, although simple  
in tastes, had an almost oriental like-  
ing for beautiful and costly jewelry.  
Even if she rarely wore it, its posses-  
sion gave her pleasure and she is re-  
ported to have spent hours in looking  
over her collection.

HONEST MEDICINES VERSUS  
FAKES.  
President Taft's recent message  
regarding an amendment to the Pure  
Food and Drugs law in its relation to  
prepared Medicines, does not refer to  
the standard medicines as Foley's  
Money and Tar Compound and Foley's  
Kidney Pills, both of which are true  
medicines carefully compounded of in-  
redients whose medicinal qualities  
are recognized by the medical profes-  
sion itself as the best known remedial  
agents for the diseases they are in-  
tended to counteract. For over three  
decades Foley's Money and Tar Com-  
pound has been a standard remedy  
for coughs, colds and affections of the  
throat, chest and lungs for children  
and for grown persons, and it retains  
today its pre-eminence above all other  
preparations of its kind. Foley Kid-  
ney Pills are equally effective and  
meritorious.—Badger Drug Co.

Dr. F. M. Trimmer  
a Chicago specialist, partner and  
successor to Dr. Schallenberger,  
will continue business in the same  
old way, treating everyone fair  
and square. He will be at  
Myers Hotel Monday,  
July 31st,  
from 8 A. M. to 6 P. M. and re-  
turn every 28 days.

The Regular and Reliable Specialist  
Cures permanently the cases he undertakes  
and sends the incurable home without taking a  
cent from them. This is why he continues his visits  
year after year while other specialists have made  
few visits and ceased to return.

DR. TRIMMER  
OF CHICAGO  
An eminently successful Specialist in all chronic  
diseases, peculiar for the many cures effected in  
these cases, which had baffled the skill of all other  
physicians.  
His long-continued experience and extensive practice  
have made him so proficient, that he can locate and  
cure a disease in a few moments.  
Treats all curable cases of Catarrh, Nose, Throat  
and Lung diseases, Eye and Ear, Stomach, Liver and  
Kidneys, Rheumatism, Gout, Gravel, Neuritis, Sciatica,  
Nervous and Blood diseases, Bright's disease in early  
stages, diseased Bladder and Female Organs and  
all Skin  
CONSTITUTION—A new discovery which pos-  
sibly cures 95 percent of cases treated.

# Little Bed-Time Tales BY EDITH HAVENS

## The Gold Piece

THE wealthy man riding along the country road paused to listen to the song of the rippling brook. "How beautiful and clear the water is," he said to himself, and pulling the horses to a stop, he stepped from the carriage and walked close to the edge of the stream.

Now, the playful South Wind was full of life this morning, and of a sudden it darted after a little pile of dust in the roadway. Whisk—away went the dust with the wind laughing after it.

Just as the hurrying dust brushed the wealthy man full in the face and he was blinded for the moment as it filled his eyes.

Out of his pocket came his handkerchief with a jerk, but he did not notice the flash of glittering yellow which came from his pocket. It was a gold coin, and it fell silently among the weeds at his feet.

He bathed his eyes with the cool water from the stream, and feeling better, he got into his carriage and drove away.

Hardly was he out of sight when down the road there came two barefoot boys. They shouted with glee as

they ran along, and they kicked up the dust in a merry way.

Suddenly one of the boys darted to the side of the road and, stooping, were, picked up from among the weeds some-

thing which sparkled in the sunlight. "What is it?" asked the other boy,

coming closer.

"Money," answered the first boy, gripping the coin tight.

"You surely are going to divide with me," said the second boy eagerly.

"No, I am not," answered the first boy selfishly. "I found it and it is mine."

"If I had found it I would have given you half," said the second boy. "I don't believe you," said the first boy.

Without a second's warning, the second boy struck his friend.

The other boy struck back, and then they fought and wrestled and rolled all about in the dusty road.

"Going to give me half?" panted the second boy.

"No," growled the boy who found the coin.

The battle grew fiercer, and of a sudden the gold coin flew from the first boy's hand and fell with a funny little splash into the brook. In vain they searched for it. How ashamed they

"I will divide the next time," the first boy said.

The second boy hung his head, very

much as he loved

the gold coin.

CUPID FIGURES ALONG WITH MILLIONS IN INTERNATIONAL MARRIAGE.

Cincinnati, Ohio.—Miss Helena Stallo, who with her sister, Laura, is joint heirs to the fortune of Alexander McDonald, the late multi-millionaire Standard Oil magnate, has succumbed to Cupid's darts. It is said that this is a real love match, although her fiance is a titled son of Sweden.

Mr. Florin is the lucky man. He is the son of a former Admiral of the Swedish navy, a member of a wealthy Stockholm family and an intimate friend of Gustave V.

## MUSIC IS YOUR Best Recreation And Entertainment

You may have other means at your command to occupy your leisure and social hours, but none of them is a substitute for music—none can fully take its place.

The fact is, you need music at home and therefore you need a good Piano or Inner-Player Piano—you need it fully as much as you need many other things which you regard as essential to your comfort. Will you not, then, call at our salesrooms and select an instrument from the splendid collection now on display?

Mason & Hamlin, Conover, Cable, Kingsbury, Wellington, Blasius, Albrecht, Regent and Inner-Player Pianos are ready for your critical inspection.

You will like these instruments, you will like our service and you will find our prices and terms decidedly reasonable.

## A Farm Pump Engine Is the Biggest Labor Saver on the Farm

Primarily the farm pump engine is designed to take the place of the windmill. The wind mill is fast disappearing from the prosperous farm and the Farm Pump Engine is taking its place. The Farm Pump Engine costs little and does a vast amount of work, as it will not only pump the water but can be used to run the Corn Shredder, Fanning Mill, Cream Separator, Washing Machine and do many other things around the farm to save the labor of an extra man.

We will sell you a 2 H. P. Farm Pump Engine complete with Pump Jack made by the Challenge Co. of Batavia, Ill., at a price of \$85.00. Come in and look it over.

## McCORMICK Six Roll Husker and Shredder

For those who wish to shred their own fodder the McCormick six roll husker and shredder will be found to meet their requirements. The husking rolls are placed parallel with the length of the machine. The speed of the shredder head is 1,000 revolutions per minute.

This machine removes all the dirt and shelled corn from the fodder, thus greatly improving the quality of the stover. Farmers who do not grow corn extensively will find this machine to be a valuable addition to their farm equipment as it enables them to double the value of their corn crop. Before buying a shredder see us.

Inspect our Owasso buggies, as good as the best. Before you buy that new wagon which you need this fall let us show you the La Crosse Wagon. The best on earth. We also carry the following lines:

The Appleton Silo Fillers, Sharples Separators, the Tubular kind, the kind you want, Fuller & Johnson Farm Engines. Any size you want, Deere Potato Diggers.

You cannot afford to overlook our lines when you are in the market for anything in Farm Machinery.

## Concession People ATTENTION!

In preparation for the big motorcycle races to be held at the fair grounds on August 26, the committee in charge of arrangements is ready now to receive bids for concessions for the sale of refreshments, soft drinks, etc., on the grounds and in the grandstand. Prospective vendors are invited to present their bids on or before August 15. Each bid must be accompanied by a certified check to cover one-third of the amount and the balance must be paid before the opening of the races.

In the event that rains will make it necessary to call off the races before noon of August 26, the checks will be returned to the bidders. All checks should be made out in favor of the Janesville Pleasure Park Association and sent to H. H. McDaniels, 122 Corn Exchange.

## What the Caloric Means to You

DID YOU EVER STOP TO THINK how much of your time is spent in the kitchen? Do you know that three-fourths of the day is taken up preparing and cooking the three daily meals?

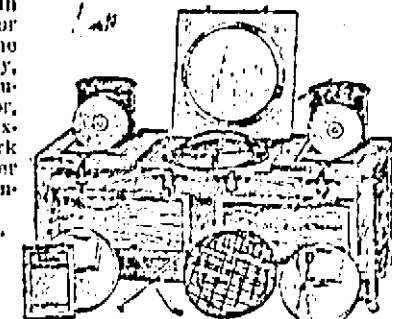

You can just as well have more time to yourself or for other things if you will use

## The "Caloric" Fireless Cookstove

It saves hours every day and reduces the cost of living in every home in which it is used. It will bake the most delicious pies, cakes, in fact, pastries of all kinds. Roast meats, fish and game to a degree of tenderness never before known. The cheaper cuts of meat are made as wholesome, palatable and juicy as the more expensive cuts. In fact, nearly all cooking for the family table can be done better, more thoroughly, more wholesomely, more nutritiously, richer in flavor, at less cost and with less expenditure of time and work than is possible by any other method—Summer and Winter.

PRICES FROM \$7.50 UP.
